Why Growth in Popularity
of Dodd's Kidney Pills.

Made by Cures Like That of Simon
V. Landry—He Tells About It Him-
self.

River Bourgeois, Richmond Co., C.
B., June 26.—(Special).—Among the
many men in this part of Canada
whom Dodd's Kidney Pills have re-
lieved of aches and pains and weak-
ness and made strong and able to
do a good day's work is Mr. Simon
V. Landry. Mr. Landry has numerous
friends here who can vouch for the
story he tells of his cure.

"I was bothered for over a year,"
he says, "with lame back, weak legs,
palpitation of the heart, general
weakness and shortness of breath;
in fact I could not work and was a
total wreck."

"I could not get anything to help
me till I tried Dodd's Kidney Pills.
But they did me good and no mis-
take. I used three boxes and I'm
back at work again."

It is the cures they make that
make Dodd's Kidney Pills so popular.
Their popularity has grown steadily
for thirteen years. It must be well
founded.

BAD MAN IS GT. BRITAIN

Trying to Cause Germany and
France to Fight.

So says the German Press, Which Like-
wise Announces That Relations Be-
tween Germany and Great Britain
Were Never Worse Than at This
Moment—Germany to Make Many
Concessions to France to Avert War.

Berlin, June 27.—The second interview
of M. Bihourd, the French Ambassa-
dor, with Chancellor Von Buelow, was
devoted to a detailed discussion of the
French note, but the Foreign Office ab-
stains from giving any information re-
garding the results reached. It is semi-
officially stated that the German
answer has not yet been drawn up.

The Government and press, there-
fore, resent the assertion in the London
newspapers that the German Govern-
ment refuses to take into consideration
every point raised by Premier Rouvier,
and throughout the German press a
growing impatience is manifested at
what is regarded as a British attempt
to enmesh Germany and France. It is
noted with satisfaction that some of
the French statesmen begin to inter-
pret Great Britain's interest in the
Franco-German difficulty in the same
way. The newspapers quote approvingly
the words of Gen. De Galliffet, the
former War Minister of France, that
Great Britain alone wags war between
France and Germany, for it would be
to her own advantage and at France's
expense.

Accused of incendiarism.
Similar views are expressed in the
German press, the writers arguing that
Great Britain, having gotten rid of
Russia for a generation through the
war in the Far East, is deliberately
working to fan the flames of the old
hate between France and Germany, and
cause another war which must weaken
her only formidable rivals in Western
European politics. It is noted that the
relations between Germany and Great
Britain have never been worse than
at this moment. Hints dropped in
official circles indicate that embas-
sies were felt at the Berlin court at the
fact that King Edward sent no more
important representative to the Crown
Prince's wedding than the young
Prince Arthur of Connaught, while it
is plainly intimated that the failure of
Emperor William to send any repre-
sentative at all to the wedding of
Princess Margaret of Connaught was
intended to give expression to his re-
sentment at this slight.

In view of this tension between Ber-
lin and London it is believed that Ger-
many will make many concessions in
order to reach an understanding with
France.

French Public Tension Less.
Paris, June 27.—Although Germany's
formal reply to the French note has
not yet been received, there is reason
to believe that the interview between
Chancellor Von Buelow and M. Bihourd
(the French Ambassador to Germany)
resulted in quite fully foreboding
Germany's intentions. The results of
the interview are now in the possession
of Premier Rouvier. Public tension is
much relieved, the bourse sharing in
the improvement.

Denial From St. Petersburg.
St. Petersburg, June 27.—The French
Consul-General denies the report that
the French reservists in Russia have
been notified to get ready for active
service.

Germany's Reply in Paris.
Paris, June 27.—A strong impression
prevails that Germany's reply to the
French note regarding Morocco reached
Paris late last night, and that it will
be presented during an interview be-
tween Prince Radolin, the German Am-
bassador, and Premier Rouvier to-day.
The officials neither confirmed nor de-
nied the report that the reply had been
received, maintaining the strictest re-
serve.

BELGIUM IS WARNED.

France Said to Fear Attack From
That Direction.
London, June 27.—The Brussels cor-
respondent of The Daily Mail says
that France, fearing sudden attack
through Belgium, has officially warn-
ed the Belgian Minister at Paris of the
necessity of rendering effective the
fortifications of Antwerp and along the
River Meuse.

CENSURE MOTION FAILS.
Opposition Fail in Attack on Balfour
in Army Scandal.
London, June 27.—The House of
Commons last night defeated the
Opposition's motion of censure on the
Government in connection with the
army stores scandal in South Africa
by a vote of 239 to 55 after a long de-
bate.

The Government acted mainly on
the defensive, disclaiming responsi-
bility, and rather laying blame on
Lieut.-Gen. Sir W. Francis Butler,
chairman of the war office committee,
for the publication of the report on
this matter issued June 17. In the
course of the debate Premier Balfour,
Secretary for War Hon. Arnold Forster
and Indian Secretary Brodrick
(former war secretary), underwent a
fierce cross-examination, which they
adroitly sustained.

Not much importance was attached
to the debate in view of the recent
appointment of a commission with lib-
eral powers to inquire into this mat-
ter.

Rebels Defeat Germans.
Cape Town, June 27.—The rebel lead-
er, Marcho, has attacked and defeated
a German force commanded by
Capt. Seiber, at Amosa, in the Karoo
Mountains, German Southwest Africa.
All the German ammunition and sup-
plies were carried off by the rebels.
The losses are reported to have been
heavy.

Teamsters Refuse Terms Offered.
Chicago, June 27.—By an almost
unanimous vote, the striking teamsters
last night refused to accept the
terms recently offered by the employ-
ers, and the latest peace prospect in
the strike has vanished.

"I thank Dr. Pierce for the kind advice he gave when I wrote to him."

"I am thankful to the friend who first re-
commended your medicine," writes Mrs. Annie M.
Brook, of Smithfield, Fayette Co., Pa. "We
have a twelve pound baby, three weeks old. I
took three bottles of 'Favorite Prescription'
before baby came, and the time was only one
hour and a half. Have had five children, and
before this always had a severe time, lasting two
or three days, and never was able to do any
work for about two months afterward. Now I
am doing all the work for four children. My
friends say I look better now than ever before.
We sold one of my sisters to take 'Favorite
Prescription,' which she did, and when her
child was born, Dr. Pierce's medicine cured her
very soon. She has better health now than since
her marriage, some years ago. We cannot
praise Dr. Pierce's medicine enough. I thank
Dr. Pierce for the kind advice he gave when I
wrote to him. Whenever I see other women
suffering, I tell them about your wonderful
medicines."

The benefits resulting from a consulta-
tion by letter with Dr. Pierce are testified
to by thousands of grateful women who
have been made new women by his medi-
cal advice and fatherly counsel given
absolutely without cost or fee.

Sick and ailing women, especially
those suffering from chronic diseases, are
invited to consult Dr. Pierce, by letter,
free. All correspondence is held
strictly private and secretly confidential.

Dr. Pierce's Favorite Prescription is
the best medicine for the cure of woman-
ly ills. It establishes regularity, cures
weakening drains, heals inflammation
and ulceration and cures female weak-
ness. It is the best preparative for
maternity, giving the mother strength to
give her child, and making the baby's
advent practically painless.

Dr. Pierce's Favorite Prescription con-
tains no alcohol and is entirely free from
opium, cocaine and all other narcotics.

SIX MEN ARRESTED.

Circus Bands Terrorize Quebec Village
But Yield to Soldiers.
Quebec, June 27.—Six circus bands,
belonging to Lenon Bros., Circus, were
arrested yesterday morning at Grande
Mere, Que. They are accused of rape,
committed on a 14-year-old girl at Rob-
erval Saturday night, under especially
brutal circumstances, the girl being
kidnapped for the purpose.

When the constable was called, he
tried to arrest the men, but he was re-
sisted, and forty of fifty citizens went
forward to assist the constable, when a
fight started. The circus men were not
only armed with revolvers, but they
also had a regular arsenal of rifles stor-
ed away on their train, which they
threw themselves and fired on the
peaceable citizens. Fortunately, only
one man was hit, the Indian, Robin-
son, who received a bullet in his left
leg. By this time the whole popula-
tion of the village, which numbers
5,000, became excited and rushed to
their homes after their own rifles and
fowling pieces.

The circus then pulled out for Grande
Mere. The train made its first stop at
Chamford Junction in order to get a
clearance order, and started for Grande
Mere, where the show was billed to
perform yesterday. While standing at
the Junction, one of the ruffians took
deliberate aim from a car window and
shot a young girl named Tremblay, who
was sitting at her doorstep with her
mother.

A squad of twenty-three soldiers was
Sunday sent from the Citadel and
arrived here yesterday.

Earl Grey Gets a Pardon.

Montreal, June 27.—Owing to the di-
rect intervention of the Governor-Gen-
eral, Sheldon T. Bent, who was last
sentenced to 23 months' imprisonment
for embezzling the funds of the
Shawinigan Carbide Co., of which he
was secretary, has been released. Bent
was about \$20,000 behind in his books,
and his extravagant living led to his
apprehension and conviction. When
Lord Grey visited the jail here a short
time ago Bent implored His Excellency
to secure him his freedom.

FAITH IN YOURSELF.

It is Absolutely Necessary if You Be-
come a Success.

What would you think of a young
man, ambitious to become a lawyer,
who should surround himself with a
medical atmosphere and spend his time
reading medical books? Do you think
he would ever become a great lawyer
by following such a course? No, he
must put himself into a law atmo-
sphere, where he can absorb it and be
steeped in it until he is attuned to the
legal note. He must be grafted into
the legal tree so that he can feel its
sap circulating through him.

How long would it take a young man
to become successful who puts himself
into an atmosphere of failure and re-
mains in it until he is soaked to satura-
tion with the idea? How long would
it take a man who depreciates himself,
talks of failure, thinks of failure, walks
like a failure and dresses like a failure,
who is always complaining of the in-
surmountable difficulties in his way,
and whose every step is on the road
to failure—how long would it take him
to arrive at the success goal? Would
any one believe in him or expect him
to win?

The majority of failures begin to de-
teriorate by doubting or depreciating
themselves, or by losing confidence in
their own ability. The moment you
harbor doubt and begin to lose faith
in yourself you capitulate to the enemy.
Every time you acknowledge weak-
ness, inefficiency or lack of ability
you weaken your self confidence, and
that is to undermine the very founda-
tion of all achievements.

So long as you carry around a fail-
ure atmosphere and radiate doubt and
discouragement you will be a failure.
Turn about face, cut off all the cur-
rents of failure thoughts, of discourag-
ing thoughts. Boldly face your goal
with a stout heart and a determined
deavor and you will win. But you must see
a new world before you can live in it.
It is to what you see, to what you
believe, to what you struggle incessantly
to attain that you will approximate.
—Orison Swett Marden in Suc-
cess Magazine.

POINTED PARAGRAPHS.

Your ship is not likely to come in un-
less you go after it.

No man thinks he is a bore, although
he knows that many of the other men
are.

No wonder people have so little re-
spect for advice; there is so much that
is worthless.

Politeness is refraining from telling
a man he is a fool every time you
think he is one.

You would be awfully lonesome if
every one in the world were as good
as you think you are.

If you have written a letter, read it
carefully before sending. If the words
"Burn this" appear take your own ad-
vice at once.

Painting is a great winner in argu-
ments. If a woman can faint when
things don't suit her husband will
always see that she gets her way.

The Name Noah.
Not many persons are sufficiently ac-
quainted with the Bible to know that
Noah was the name of a woman as
well as of the patriarch.

At an inquest in England a female
witness gave her Christian name as
"Noah." The coroner remarked that
he had never before known a woman
to bear the name. Whereupon the wit-
ness, who was well posted in the ori-
gin of her singular pseudonym, said:
"It is a Bible name, sir; you'll find it
in the last chapter of the book of Num-
bers."

Reference was duly made, and in
the eleventh verse of the thirty-sixth
chapter the coroner found mention
made of "Mahlah, Tirshah and Hoglah
and Milcah and Noah, the daughters of
Zelophehad."

Walking and Balancing.
It is pointed out that in walking or
running the arms and legs produce a
"balancing" like that of the reciprocating
and revolving parts of a locomotive.
The movements of the legs react
upon the trunk and tend to rotate it in
alternate directions about a vertical
axis. But the swinging of the arms,
each in unison with the opposite leg,
produces an opposing mechanical cou-
ple, the effect of which is to rotate the
trunk in the other direction, thus bal-
ancing, in part at least, the rotating
action of the legs.

Ruskin's Whimsicality.
A story illustrating Ruskin's whim-
sicality was given on the authority of
a friend of the great writer. "One
morning," he notes, "as we were com-
ing out of chapel he said to us, 'I ought
not to have come to chapel this morn-
ing.' We asked him in some astonish-
ment why. He said, 'I am going to
write a critique on ———'s picture in the
academy and want to be in a perfect-
ly diabolical temper.'"

A Reasonable Proposition.
Bumper—You owe me \$30.00, which
you say you can't pay. Why don't you
marry Miss Oldgirl? She's worth
twice that amount. Jumper—No; I
can't do that. But you might marry
her yourself and pay me the difference.

Front.
Binks—Young folks seldom have in-
somnia, do they? Splinks—Nonsense!
My baby is only five weeks old, and
he's got the worst case I ever saw.
Exchange.

The Limit.
"Is it true that the Bliptons are liv-
ing beyond their income?"
"Worse than that. They're living be-
yond their credit."

CARE OF BOOKS.

Marginal notes are usually superfluous
and undesirable.

Corners should not be turned down
or leaves folded in halves.

Exposing books to heat or strong
sunlight warps the binding.

Never bend back the covers of a
book, but keep them both level.

Do not turn a book on its face or
place any weight on an open book.

Never open a large book from the
ends or cover, but from the center.

Bookcases should not be placed
against outside walls on account of the
probable dampness.

A blunt knife of ivory, wood or metal
should be used for cutting new books,
not a sharp instrument.

If any liquid be spilt on a book, wipe
it off at once gently with a soft cloth
or absorb it with blotting paper. Do
not dry it by a fire.

Dragging a book out from the shelf
by the binding at the top is hurtful. If
books are wedged in too tightly in a
case they become shabby.

TOOK A SEVERE COLD.

It Settled In The Kidneys.

Pain In The Back The Result.

Catching cold and having it settle in
the back is often the cause of Backache—
the primary cause of kidney trouble.
When the back aches it is a warning that
the kidneys are liable to become affected.

Head the warning: check the Back-
ache, and dispose of any chance of further
trouble.

If you don't, serious complications are
very apt to arise. Mrs. B. Williams,
Hamilton, Ont., caught cold, and it
settled in her kidneys. She used

DOAN'S KIDNEY PILLS,
and is thankful for the immediate relief
they gave her. She writes us as follows:
"It is with pleasure that I add my
testimony in favor of Doan's Kidney Pills.
Some time ago I took a severe cold, which
settled in my kidneys. The soreness and
pain in the small of my back bothered
me greatly. After suffering for some
months, and finding numerous remedies
fail, I procured a box of Doan's Kidney
Pills, and received immediate relief from
my sufferings."

Doan's Kidney Pills may be procured
at all dealers, or will be sent direct by
mail on receipt of price—
50 cents per box, or 5 for \$1.25.

American Manners.
The average American man is so
much more polite, agreeable and con-
siderate to the average woman than all
other men seem rough and indifferent
by comparison. In this department if
in no other the American man has no
rival. He is the best mannered crea-
ture in the world to the casual human
being—especially female human being—
he brushes elbows with in the course
of the day's march. He doesn't use
half as many "Thank you's" as the
French or bow and smile so much, but
he will give himself trouble to open
doors to hall carriages, to get up and
offer his seat in omnibuses, to help be-
lepered women on to trains and hold
the baby while the mother helps off the
rest of her offspring.

Musache Versus Music.
Anton Rubinstein had this to say in
reference to women artists:
"I think ladies ought never to study
music as an art. At least they ought
not to take up the time of teachers who
are able to teach and make true artists.
And I will tell you why. There is no
question but there are twenty musical
ladies to one musical man, and my own
experience is that they learn more
quickly, have more poetry and, in fact,
are more diligent pupils than men. But
what is the inevitable result? When
a young lady has become a perfect ar-
tist some handsome musache comes
along, and she chooses the handsome
musache in preference to art."
