

OFFERING No. 3

Another Great Bargain

KING SYLVIA FAYNE 33896

This calf was born Nov. 22, 1917. A shade more black than white. He combines the BEST in PROOVEN type and production, as his sire is the winner in the ring and his dam was at the Canadian National Exhibition as a senior calf in 1916—first as a senior yearling in 1917.

SBMS—King Sylvia Keyes 2366. Twenty of King's nearest relatives average 30 lbs. of butter in 7 days. His dam and 5 sisters average 115 lbs. milk per day. His dam made over 100 lbs. and he is a brother to the GREATEST COW IN THE WORLD—May Echo Sylvia, 162 lbs. milk in 1 day, 1906 lbs. milk with 41.9 lbs. of butter in 7 days.

DAM—Countess Hengervald Payne, 3357; an unselected daughter of CANADA'S GREATEST cow bull, Lakeview Dutchland Hengervald 2nd. As she freshened at 2 years and 1 month, I did not test her. This calf is very large and a true show bull. Don't delay.

at 1 p.m.

Included in the sale will be our herd sire KING SEGHS AL-CARTRA HENGERVELD, son of King Segis Alcartra Spofford, owned jointly by Purtelle & Leavens and W. L. Shaw.

Former herd sire was INKA SYLVIA PLUS, by same sire as MAY ECHO SYLVIA, and whose dam is a 26.80 lb. 4-year-old daughter of DeKOL, PLYM, 1910 Canadian Champion. This sire has 11 daughters to be sold.

Sale will include 23 registered females, 6 of which will freshen shortly, being bred to above herd sire; also a senior yearling bull by Inka Sylvia Plus, and EVERGREEN PAULINE.

Also 12 high grade Holstein cows of 20 years' selection, just fresh, or due to freshen. Three 2-year-old springers of excellent breeding; five calves; horses and farm machinery will also be sold.

This herd has had a splendid reputation as producers. Last year returns from Farmer's Dairy, Toronto, were \$170 per head, besides a large quantity kept at home for calves, house, etc. The herd is in perfectly healthy condition. For 20 years no cow in the herd has failed to have a healthy calf each year. An excellent reputation and a safe place to buy.
