

# Try It First

EVERY Stockholm Cream Separator is sent on *thirty days' free trial*. No money down. No deposit. No obligation to buy. You see it and use it on your own farm for 30 days. Satisfy yourself that its workmanship, material and construction are better than any other. Demonstrate to yourself that it is easier and cheaper to operate, is the most efficient skimmer and gives a greater percentage of cream. Examine thoroughly the *Blade Disc Bowl*, the very small number of parts and find out how much easier it is to clean and to maintain. See what an increase it makes in your cream checks. Find out about the wonderful big offer we will make you on this Separator. Send coupon below for catalog and our very valuable book on "Profitable Dairying".

### 17 Years of European Perfection

The master mechanics of the world's largest cream separator factory have devoted 17 years to perfecting this masterpiece. The Stockholm is built in Sweden—the birthplace and home of the cream separator industry, in the heart of the dairy industry of the world where dairying is carried on by the most improved and scientific methods. The famous ore fields of Sweden furnish the materials used in its manufacture. The Stockholm has back of it the approval of over one million European farmers, known to be the world's most efficient dairy farmers, who buy only the most efficient and up-to-date separators. We sell the Stockholm direct to you on our great special offer and we absolutely guarantee it for 15 years. Find out about this. Get our great book, "Profitable Dairying." Send the coupon.
