inquiries for Berkshires since the beginning of the year." See Mr. Harris' advertisement DAVID LEITCH'S AYRSHIRES.

In Stormont County, some half dozen miles from Cornwall, is the farm of Mr. David Leitch, erant's Corners, the home of some 30 pure-bred Ayrshire cattle. The herd was established from stock purchased from Mr. David Benning, when Prairie Flower 4362 and Lass O'Gowrie of Williamstown 4815 were purchased and are still in the herd. Prairie Flower was sired by Scottie 3886, the sire of many worthy and valuable cows; her dam being May Flower 1467. She is a true specimen of the breed, full of constitution, and a regular breeder, having dropped her 8th calf. Lass O'Gowrie of Williamstown was by the same sire and out of Kilbowie Lass 1464, by imported Duke of Athol, and has been a notable figure since her introduction on the farm. having raised seven calves. At the same time Miss Bathgate 4363, by Scottie, and out of Bathgate Lady 3174, was purchased from Mr. Benning and kep' in the herd over six years, and sold to Mr. D. Drummond. Two of her females are still on the farm: Colletta 7808, the three-year-old by Duke of Park Hill 4666, dropped her first calf in July, and carries a well-balanced udder. In 1897 she won the medal for the best Ayrshire female on the ground, at Cornwall, in a strong competition; in fact, she has alwavs been a winner. Her younger sieter, Lady Nelson 8539, by Traveller of Park Hill. also promises well, having an abundance of constitution, which stamps her as a business cow, backed by gilt-edged breeding. The stock bull. Traveller of Park Hill 7356, by Victor of Park Hill 5091, and out of Lily of Hardiston 3628 (imp), has been employed in the herd verysatisfactorily for three seasons, his young bulls finding ready buvers. He possesses an abundance of good clean aubstance, and was purchased on account of his dam being a large producer. As a show an infart and promises to still continue in usefulness for years to come. The younger stock are all descended from Traveller and out of the b DAVID LEITCH'S AYRSHIRES.

Dear Sir, - Another year's experience with your Spramot r pumps confirms our high opinion of them. The fourteen that we got from you in the spring of '97 for the experimental work carried on by the Department of Agriculture for Ontario worked splendidly. They were all sold at the places where the work was done, and we will require fourteen more for this season's work.
