THE GREAT WONDER Of the Nineteenth Century. Professor Wood's HAIR RESTORATIVE. J. M. Margeson

SAYS the St. Louis (Mo) Democrat: Below we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomisms, nor useless puffer from the Press.

BATH, MAINE, Jan 20, 1858, Professor, O. J. Wood & Co. guaranteen statements of the press:

| Professor O. J. Wood & Co: Gentlemen: Having my attention called a few months since to the highly beneficial effects of your hair restorative, i was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of same character. Some third white; my whiskers were of same character Some three months since I procured a bottle of your hair restorative, and used it, I soon found it was proving what I had wished I used it about twice a week. I have since I procured another bottle, of which I have used some I can be now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has lesumed its natural colour, and I believe more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fity-two, has used it with same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident neer for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,
