March 6, 191

came to Canada. The outstanding Canadian bayer was Chas. Yule, Caretaire, Alta., who brought home the following choice lot: Craven Knight, from Leslie Smith's famous herd, \$1,575; Prides Ranown, \$400; Selections Gold, \$510; Village Here, \$275; Omega Secret, \$675; Royal Masterpiece, \$550. In females: Locile at \$2,050; Hampton's Queen 2nd, \$625; and Clipper Girl, \$1,000, completed this choice lot. The average for the nime animals was \$845.55. Mr. Yule is to be congratulated on bringing in such a choice lot of Shorthorna L. A. Bowes, of Calgary, got Collynie Hest at \$1,450. These were the

SASK, SHORTHORN IMPORTATION

total number of Mr. Wright's new Shorthorn herd up to 17. All the females are first selections draw importation made by J. A. and H. M. Pettit of Preeman, Ont. The buil is Cruickshank Nonparell, which has been used by the Pettite as their stock buil. He is a deep red roam, low set, thick and massive, with a fine broad back, well-fleshed loins and good quarters. The outstanding individual in the importation is a Sweynar-old white Augusta cow, Augusta 114. She is an animal of great scale and substance, combining with these an exceptional degree of quality and femininity, She is straight in her lines, deep, thick, wide and strong, evenly fleshed and a mallow handler. She has produced two calves within the last year. Roam Lady 45, bred by David Anderson, is a rich roam in color with thick meany hair, fine feminine head; an ideal breeding sow. She has a fine thick sappy calf at foot. Helen of Tarty, Missie's Queen C along with some other fine heifers of the Lancaster, Roam Lady, and Mountain Maid families are included in the lot.

Mr. Wright is a young man operating one of the ingest and most systematically-handled farms in Saakatchewan. Mr. Wright is to be congratulated on his selection of this choice lot of Shorthorns.

FAIR CIRCUITS FOR 1918

At the annual meeting of the Western Canada Fairs' Association, held in Calgary, on January 28 and 29, five new members were admitted, and dates arranged for 1918. In order to allot satisfactory dates to all the members, it was decided to form two circuits, with dates as follows:—

Calgary	June 28-	-July
Edmonton	July 8-	
Saskatoon	July 15-	-20
Brandon	July 22-	
Regina	July 29-	
Wayburn	Aug. 5-	-6-7
Yorkton	Aug. 5-	
Moose Jaw	July 10-	-13
Swift Current	July 15-	-16
Medicine Hat	July 18-	-20
Lethbridge	July 22-	
Red Deer	July 29-	-503
Camrose	Aug. 1-	
North Battleford	Aug. 5-	
Price Albert	Aug. 8-

The contract for attractions for the platform was let to Henry Meyerhoff, of New York, who will also furnish the midway for the circuit commencing at Moose Jaw. The Johnny J. Jones Bhows will furnish the midway for the circuit commencing at Calgary.

The following officers were elected for 1918:—

President, J. O. Hettle, Saskatoon; first vice-president, E. L. Richardson, Calgary; second vice-president, J. F. Day, Red Deer; secretary-treasurer, W. J. Stark, Edmonton.

The prize list for the Edmonton Spring Show, which has just been received from the printers, is now ready for distribution. The directors have indicated in the prizes offered their desire to co-operate with the government in their efforts to develop and stimulate the livestock industry. The utility classes are all well taken caro of. The catalogue for the sale of pure-bred bulls and horses, which will be ready for distribution about March 10, will be sent to anyone desiring same, on receipt of a postal card.

Jean Armour is dead. She was bred by John McKee, of Norwich, Ont., was the first Ayrahire cow to go beyond 20,000 lbs. of milk in a year, her rocord being 20,174 lbs. milk with 774.75 lbs. fat. Jean was a stayer, too, giving 18,382 lbs. milk with 716.36 lbs. fat in her 14th year. More important still, she transmitted her characteristics to her offspring, one of her daughters making a record of 21,938 lbs. milk with 859.65 lbs. fat as a three-year-old.

CHANGES IN CALGARY PRIZE LIST

Some important changes were recently de in the prize list of the Calgary Ex-

hade in the prize last of the Caigary Exhibition.

The dry mare class is to be cut out of all pure-bred classes. Such mares may show in the regular agricultural, heavy draft, roadster, carriage horse or saddle classes.

The only pure-bred class for cows over two years old will be: cow, 3 years or over, with calf by side under 1 year, of not sucking calf must be registered, cow only to be judged.

Herd classes are left the same as last year with the exception that the cow, 3 years or over, must have been shown in the individual class for cows, 3 years or over, with calf by side.

class for cows, 3 years or over, with calf by side.

This change, of course, refers only to the beef breeds, as the dairy-aged cows have to be shown in milk.

It has also been decided to offer the same prizes for each class of cattle, which will of course reduce the prizes for aged stock and increase the prizes offered for young stock. Five prizes are being offered for each individual class and four prizes for each herd or progeny class.

Ewes, two years or over, may only be shown with lamb of calendar year at foot. Any aged ewe that cannot show under this classification can show in a class for ewe or wether.

Forms for the keeping of milk records of daily herds can be secured free from the Dairy Commissioner, Bepartment of Agriculture, Ottawa. It is impossible to keep track of dairy cows unless records of yields of milk and fat are kept. One dairyman recently raised the sverage yield of his herd of ten cows from 5,000 pounds in 1915 to 6,246 pounds of milg and 233 pounds of fat in 1917. This is the only way of ¶uowing just what cows are doing and the only way of finding which to get rid of. There is ro money in keeping poor cows.

SOIL PRODUCTS AWARD

At the Soil Products Exhibition held in Winnipeg during Farmers' week Samuel Larcombe, of Birtle, Man., winner of the world's sweepstakes for winter wheat at Peoria, Ill., last year, carried off honors in the aggregate, securing the largest number of points in connection with his exhibits. The total number of points secured by Mr. Larcombe was 64, the nearest competitor, James Carr, of Warrenton, being 18 points behind.

The following were the awards in the special prize competition:

Awards in Boys' and Girls' Class

Awards in Boys' and Girls' Class
The first prize was won by S. Dragan, Teu'lon; 2, D. A. McIntyre, Stonewall; 3, Fred
Judd, Roland; 4, G. Mawhinney, Teulon; 5,
A. McLean, Teulon; 6, V. Hamilton, Rossburn; 7, P. Dromerski, Teulon; 8, Elwyn
Clark, Teulon; 9, Ray Dicks, Teulon; 10,
Melford Kerr, Gladstone; 11, Roland Hammett, Rapid City.

The Hon. Duncan Marshall, Minister of Agriculture for Alberta was recently presented with a beautifully inscribed solid gold watch as an indication of the appreciation of the Minnesota State Shorthorn Breeders' Association. Mr. Marshall, who is well known south of the line as an authority on Shorthorns, and one who can sound the merits of the breed to perfection is in great demand for Shorthorn gatherings. He gives them the real goods in a way they like it.

The Percheron stallion hired is George P., the massive gray that has proven invincible in Canadian show rings since imported by Dr. Head, Regina, carly in 1918.

The J. I. Case Company recently conducted a tractor service school at Saskatoon. There were 217 farmers in attendance, men who were anxious to learn more about tractors. These students specially thanked the company for its efforts in putting on the school, and asked that it be made an annual event.

The following is a list of Canadian patents recently issued through the agency of Messrs. Ridout & Maybee, 59 Yonge street, Toronto, from whom further particulars may be obtained: Charles Haythorpe, prevention of pitting and corrosion in steam boilers; Richard A. Mintern, cultivating implements; W. H. Banfield & Sons, Limited, central tubes for shrapnel shells; Sir Sidney J. Pocock, children's combined rotary chairs and play tables; Lewis S. Yollen, dust and waterproof floors; Universal Tool Steel Co. Limited, key boits; Arthur G. L. and Harry C. W. Neighbour, interal combustion engine; Boech Bros. & Co. Limited, brooms; Anders B. Reck, sections for sectional boilers; Olof Swanson, plow; James S. Foreman, fittings or supporting combinations for electric lighting and other purposes; Jefferson Glass Co. Limited, headight lens; Herbert Thompson, automatic feot rest shock absorber; Massey-Harris Co. Limited, scrapers for disk plows and the like.

The entire holdings of The Southview Stock Farm Ltd., at the farm, Red Deer Hill, 13 miles south of Prince Albert, Saskatchewan.

Tuesday and Wednesday, March 19 and 20, 1918

30 Head of HORSES; also HOGS, SHEEP and CHICKENS.
