About six weeks ago Mr. Frank McCormick of the 1st concession of Culross had the misfortune to have his right arm broken, being mixed up in an upset with a load of hay on which he was driving. The broken arm was mending up nicely when on the 11th instant he had one of his legs broken below the knee. This happened when during a high wind he was trying to close the barn doors. It appears that one of the doors swung to, catching the leg above the ankle. This makes the third painful and serious mishap for Mr. McCormick. A few years ago while driving a mower he had the left arm almost severed at the wrist by being caught by the knife. This cut has rendered the left hand almost useless, so that with the right arm and leg broken the poor fellow is in a bad way.—Teeswater News.

A band of Doukhobors made their way from the West as far as Fort William some time last fall when the weather got too cold for them to pursue their wanderings any further. During the winter they attempted to parade devoid any wearing apparel, and a few days ago another attempt was made when they were stopped by the police before they got up town. Six months in jail was the sentence handed out. The prisoners were found guilty of committing an indecent action in public. The sentence is to be put in by the men at the Central Prison, Toronto, and by the women at the Mercer Reformatory. Of the nineteen arrested nine were women and ten were men. The prisoners all took their arrests in a calm manner, and continued their weird dirge throughout the proceedings.

In many parts of Manitoba seeding is well advanced, about 75 per cent of it being done. Spring work is also in a forward state through Ontario and by fifth of May all the seed grain will be in the ground. Fall wheat is showing up well and prospects are good for an average crop. There are scores of ways to fight weeds—dozens of patented appliances, chemicals, etc. Of them all, the one way that is so much the best that no other method can be compared with it even for a moment is to keep the earth cultivated constantly all around the vegetable and flower growth. A weed one day old will die at a mere touch from a hoe or rake. A weed three days old will need a pretty, severe jerk. A weed a week old is going to make you get down on your knees and dig deep.

Beware of Cocaine Medicines.—Thousands of Drug Fiends have been started on their downward course through catarrh snuffs containing this habit forming drug. If you suffer from a cold, sneezing or Catarrh—don't use a snuff—use a sensible treatment like Catarrh-zone. It heals and soothes, brings relief at once, cures thoroughly. In Bronchitis or throat trouble no doctor can do better than prescribe Catarrh-zone. Try it—see what wonders it works—what power it possesses. Different from the old way,—you inhale Catarrh-zone. The Goderich Signal tells of a lady living in that town who has victimized several people in the business community by borrowing money from them, promising to pay it back in a few days. Her favorite story seems to be that her mother is dying at Whitechurch and that she needs two or three dollars right away to go to see the dying woman, and that she will return the money as soon as she comes back from the trip. She tells the story quietly and plausibly—but she doesn't come back with the money.

Of the 27 banks reporting business in Canada 40 years ago, 11 have disappeared, some going out of business, and some being merged with other institutions, or having changed their names. The total assets of these 27 banks in October, 1868, were \$82,754,960, an amount barely 9 per cent. of the aggregate total assets of the 35 chartered Canadian banks reporting last month, and which amount was \$901,500,000. The total amount of notes and bills discounted in October, 1868, was \$53,500,000; in October, last year, \$580,000,000. The financial business of the community serves as an excellent index to our progress. Canadians have reason to be proud of the showing.

LOW SPRING FEVER.

DOCTORS REPORT MANY CASES.

Same thing happens every year. At winters close the body is weak and run down. Damp spring weather brings out rheumatic tendencies, exhausts vitality, and simply demands everyone to use a bracing tonic.

Time won't help; matters grow worse instead of better if your system isn't rid of its poisonous burden. Your blood is not only thin, but it is contaminated with a whole winter's accumulation of wastes.

A stimulating blood tonic is required. What's it going to be? Not bitters or alcoholic dope, but concentrated cure in the form of Ferrozone which is known as the best of all spring rejuvenators.

It creates keen appetite. Produces prodigious digestion. Converts food into nourishment. Gives richness and vitality to the blood. Makes strong nerves and hardy muscles.

Ferrozone possesses power that can't be doubted. It will do for you what it did for Walter Wood, Beaufort, who writes: "I can say that Ferrozone has given me a new lease of life. A year ago I suffered much from nervous weakness. I was scarcely able to drag myself around. My appetite was gone, I had no color or ambition and felt generally used up. The first box of Ferrozone started me back to health. I took a number of boxes, but it was worth while as my health was completely restored. Get back to health with Ferrozone, six boxes for \$2.50 or 50c per box at all druggists.

Every family should have a curfew which should positively "ring to-night" and every night if needed. These curfews are inexpensive and can be homemade.—Take a piece of siding two feet long and whittle one end down to a handle, and take the child that needs the curfew and bend him over a barrel. Now take the siding in the hand and use it for a clapper. Put it on hot. Divide the strokes even and see that none miss. Good for a boy or girl up to the age of 16 and applications are warranted to cure the most pronounced case of street-loafing that exists. The music the curfew makes is finer than singing "Where is My Wandering Boy To-night?"

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic tonic to tired, run-down nerves, and but a few doses is needed to satisfy the uses that Dr. Shoop's Restorative is actually reaching the tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by J. Coates.

Yiddish, the jargon spoken by thousands of Jews all the world over, has one disadvantage. It has no grammar. But a conference planned for the summer has in view the remedying of this defect and the placing of the Yiddish language on a more elevated plane.

\$1200 has already been paid out by Walkerton Board of health for smallpox bills and still there's more to follow. This will mean an addition of about 2 mills on the dollar to the county town taxpayers' usual rates.

A lady in Dundalk in her hurry to start for church last Sunday, took from the closet what she supposed was her dolman, threw it over her arm and on arriving at church threw it over the back of the pew when she discovered she had her husband's Sunday trousers.

There are no better rules for the right use of money than John Wesley's: "Get all you can; save all you can; give all you can." Some other good rules that should be committed to heart by every young man, are the following:—"Never borrow where there is a chance that you may not be able to repay; never lend what you are not prepared; never guarantee for another what you cannot fulfil if the other should fail. Save more than you spend. Lay by something every year, if it be but a dollar. If you cannot increase your means, then decrease your wants." He who adheres to these rules will inevitably acquire a competence, will taste the joys of financial independence, and the still higher joys of an untarnished character and widespread usefulness.
