Ottawa Police Telegraph New York He's in Hands of Confidence Men

A PAIR ARRESTED

NEW YORK, March 8.—A telegram from the chief of police of Ottawa, Canada, was received at police headquarters at 1210 o'clock this morning, asking police protection for a business man of Ottawa who was coming for this city with a big bundle of money and in the company of two men who might have designs on the money.

The man from Ottawa was Joseph Wadsworth. He had \$4,000 in cash and letters of credit for \$6,000. The telegram said the picture of one of his companions could be found in the rogues' gallery at police headquarters in this and various other cities in this country and Europe. The original of the picture of the other man being an artistic wire tapper and all around confidence man.

Use all means to protect Mr. Wadsworth.

A description of the men was given. The confidence man was said to have dark eyes, nose made very easily recognizable. The flat nose was found in the gallery and the records said its proprietor had been arrested often and convicted once of robbery.

Another telegram from Ottawa arrived an hour later, saying the men were in the Montreal express, which was to leave for the central station at 7.30 o'clock yesterday morning.

Detectives Dietsch and Dale met the train. They spotted two men in conversation, one of whom had brought her registered flat nose with him.

"Hello Minnie! Where's the sucker?" Dietsch said to flatnose.

"Waiting doing; honest," the man responded.

The detectives arrested Mines, first named Edward. They also took charge of his companions, who said he was William Buckingham of Hamilton, Canada.

Wadsworth was not on the train. Mines said he had got off between Albany and this city after getting at the station a telegram from a prison guard telling him to go. The guard told him he was in the hands of a confederate man. The detectives searched the prisoners to see if they had \$4,000 or any letters of credit. There was only \$180 between the two.

Mines was taken to the city hall police court, where Judge Dale told him to get out of the city. The magistrate Steiner that he didn't expect any complaint to appear. They were then discharged without waiting for Wadsworth to show up. Mines expressed the intention of sailing for Europe, saying he could raise the money without violating the laws of his country.

Jacques Worth Insists Paris is Still the Creator of Fashions

PARIS, March 8.—News of the revival of the American dressmakers against the title "the world's capital of Paris" is received with a smile in the Rue de la Paix.

Jacques Worth, head of the firm which made the wedding dress of Lady Granard, smiled when asked for his opinion on the attitude of the "Ladies Tailors' Association of America." "American," he said, "these years tend to exclude Paris-made gowns from the United States by means of prohibitive tariffs. The only result so far is that instead of sending dresses across the Atlantic American ladies come in ever-increasing numbers."

cannot build 'skyscrapers,' and don't want to, but we can make dresses better than any one else.

To prove we have made the Rue de la Paix creations which you must have seen Paris artists and Paris workgirls. Americans have neither. They might import them, but six months after they have left France they have lost the 'chic' which makes the Paris gown superior to any other.

They have tried the experiment in London, and they know the dress made there by French workgirls, and of materials and model is identical, is not the same as the dress made here. It is the artistic atmosphere of Paris which gives the dress made here its cachet.' Americans have not got it and cannot get it. Models for the Paris

on are already representatives of the leading American houses flock to Paris to make their selection," and M. Worth led the way upstairs to a room where a score of ladies with transatlantic accents were passing in review the fashions for the coming spring and summer.

FRANKFORT, Ky., March 8.—By marrying according to law the woman he had once married and for which he got a sentence of nine years in the penitentiary on a charge of bigamy, R. R. Hammond this afternoon got his liberty.

The wedding took place in the governor's office with Acting Governor Cox as the best man and other state officials, employees and newspaper men as witnesses.

The bigamist wore his prison stripes, but his clothing made no difference to the woman, who has elung to him since he entered the prison and

There was a pause of a few seconds, and then Mr. Taft, with upraised hand and spoke the words in his correct form; "I do solemnly swear that I will faithfully execute the office of president of the United States, and will, to the best of my ability, preserve, protect and defend the constitu-

When the results were summed up they were announced to a big crowd in council chambers by City Clerk McCreedy, and nearly all the candidates spoke briefly. Ald. Farrell, who is regarded as one of the leaders of the new council, as he was of the old, intimated that the police commission created less than a year ago will be dismissed and that Chief Assessor L. W. Johnston, who is chairman of the police commission, and who took an active part on the platform and in the press on behalf of the Scott Act ticket, is marked for decapitation. In such case a two-thirds vote of the council is necessary to carry out the programme mapped out by Ald. Farrell. Politically the new council stands—Mayor Chestnut, seven aldermen (Liberals), and three aldermen (Conservatives).

MIONTON, N. B., March 5.—William Campbell and John Powers, of St. John, completed arrangements here today for a fight on Friday evening next, between Alf Lynch, a Quebec heavyweight, now of St. John, and Grigor, a Maine, lightweight. Jack Powers will referee.

The Maritime express from Montreal, which arrived here at 10.30 this morning, brought a letter from Lynch on account of the storm. The Maritime express, which left here on Wednesday night being stalled in the snow a short distance east of that place. The storm reported very severe between St. John, St. Peter's, and all trains are badly delayed.

The suspended player was on the team. The Algonquins objected to playing with him, but the referee declared that Ramsey could not play, and as the Victorias would not give in, although they have asked for Ramsey's suspension, the match was declared off and the people were refunded their money. At the meeting of the league a resolution was passed annulling the games with the Victorias as forfeited and the series for the season. The next move was the sending of a delegation from the Victorias to Halifax. This was followed by wire from President Lithgow of the A. A. A. declaring that the referee was wrong.

HOPEWELL HILL, March 4.—Mr. Wasefall of this place gave an interesting lecture to the "Cities of London, Paris and Jerusalem," commencing at Hopewell Cape, the lecture being illustrated with lantern views. Mr. Wasefall is an exceedingly well-informed man, and he kept the audience in the palm of his hand when himself amidst many of the scenes depicted in his lecture, is able to make the discourse of much interest to those present.

The coming season promises to be a busy one in the lumber business in Albert county. The market appears to be in a most satisfactory condition and an immense quantity of lumber will be shipped. Steamers have already been chartered. J. Nelson Smith, the well known dealer in lumber, is expected to leave for the States on the 20th of April. Mr. Smith, who is a heavy buyer, has steamers chartered even at this early date, for three cargoes.

Application has been made at the Probate Court before Judge Wright, for an order to license the sale of the real estate of the late John Peck, widow, to the heirs of the said John Peck, administratrix, March 26, 1894.

W. B. Dixon, K.C., is appearing for the administratrix, and the matter comes up on March, 10th inst. Twelve of the young people of the

Should not be ruled out of the league. The following is a list of the names of the press reviewing the situation. It is declared that Mr. Lithgow totally ignores constitution and by-laws and tries to make himself a dictator. He is a member of the committee and the fact that the turore created by his action in connection with the St. John first round tournament a little over a year ago, and his participation in the connection with the Frederick hockey mania is also recent history; that the fact that New Brunswick has only one club, the St. John Millers, is a reflection on the show the widespread discontent.

At any rate the league has totally ignored the ruling of Lithgow and is determined to go on with the season. The final game was played between the Abegweits of Charlottetown and the Crystals of Summerside ending in a victory for the former.

It was the season was the season which were to decide the trophy.

The Crystals had the majority of goals, they, according to the press, were the trophy. However, expressed their willingness to play the Victoria two matches for a suitable trophy and the city claimed the trophy. The trophy was given to the rulings of the Prince of Wales and Hockey League and hand the trophy over to the Crystals. To the Crystals the Victoria have made no reply as yet.

last evening, spending some time at the rink and stopping at the Albert Hotel, where the Cape for lunch on the way back.

CHARLOTTETOWN, March 5.—The city season this year was to a large extent spoiled by a trouble that arose in connection with the Victoria Hockey Club. At the first of the season, after one of the players had paid the Victoria lads to play Moncton with the understanding that they would return in time for the next meeting, which was played at the Crystal Summerdale at the latter place. Instead of returning the team, with the exception of Rodd, and a tour of the Maritime provinces, and the home team, thus weakened, lost to Summerdale. The club called a meeting and expelled all but the team who stayed away from the team who next went to Halifax and asked to have the team suspended. Failing in this, they called a meeting of the Prince Edward Island and New Brunswick and asked them to appeal to the Maritime Association for the suspension of the teams. After a few days they had a resolution of suspension of the team they had expelled for a reconideration in the case of the two men whom they had not expelled.

CHATHAM, N. B., March 5.—Michael Murray, inspector for the board of health, took down the last placard for the season. This placard, on the town, is now clear of that disease and scarcely ever as well.
