CAPITAL-ONE MILLION STERLING. Empowered by Special Act of Parliamen 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM-HALF CREDIT RATES OF PREMIUM. REDUCED MATES OF PREMIUM—HALF
CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this institution, has induced the pirectors to MEDUCE the RATES originally required in British North America, to the ordinary European Nates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much louser Rates of Premium than those of any other Assurance Company t anacting business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PRE-MIUM which have been se highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.
