As usual the streets received a much needed cleaning last week when they had got dusty. Why could this work not be done soon after a rain, and not left until the last of the week so that the piles of dirt would not be left on the streets over Sunday.

Miss Margaret Barry—Recital on Monday evening next, Sept. 8th.

Mr. H. C. Harris returned from St. John on Wednesday, and was pleased with the prizes which he and his brother Clifford Harris, Canard, received on fruit at the Exhibition. Their display was very poor on account of the fair being so early in the season, but there was no better fruit to compete against.

The Lunenburg Foundry Co., made a generous offer some time ago to supply one of their fine cooking ranges free for use in the Domestic Science department of our schools. This company has made good its promise and last week their agents here Messrs T. P. Calkin & Co., placed a fine cooking range in the rooms in White Hall block to be used for this department. We venture to say that no better range could have been obtained and the this good act of the Lunenburg Foundry Co., will be remembered.
