U. S. PATROL SHIP FIRES ON ITALIAN U-BOAT KILLING 2

WASHINGTON, Oct. 8.—Vice-Admiral Sims called the navy department today that an American patrol vessel, on duty at night in the war zone had fired on an Italian submarine, which failed to answer recognition signals, killing one officer and one enlisted man.

While details of the incident still are unknown here, the fact that an officer and enlisted man were killed indicates that the American vessel fired a shot in the water, the submarine being holed and the crew scattered.

Secretary Daniels, in a message to the president, expressing the sympathy for the Italian crew.
