Dark Sir, —In January last I came to Moncton from Memramocok to consult a physician, as I was in the last stages of Consumption. When I arrived here I had at once to go to my bed, and was so low I never expected to leave it. A physician was called who pronounced my cases a hopeless; that I might live a week or two, but not certainly more. As a last resort he recommended "Robinson's Cod Liver Oil with Lacto-Phosphate of Lime." I purchased a bottle and after taking the first dose commenced to improve. It seems, after taking a dose, as if I had eaten a good, hearty meal. I have continued taking it ever since and am rapidly improving. I am confident that had it not been for your Oil I would have Been In We Grave To Day. You are at liberty to use this in any way you wish, as I am anxious to let others, who are afflicted in the same way, know, in the hope that they too, may receive the same benefit.
