

Something New For Neuralgia

And Quebec Lady Tells How She Treats Cold Troubles

There is a new way of treating cold troubles, neuralgia, and other ailments. It is the discovery of a Southern druggist, a combination in salve form of Camphor, Methol, Eucalyptus, Thyme, Turpentine, etc. Absorbed through the skin and at the same time inhaled as a vapor, Vicks reaches immediately inflamed congested air passages.

The modern direct treatment for all cold troubles. The successor to goose grease, camphorated oil, liniments, poultices and plasters.

Used for croup and children's colds, Vicks gives remarkable quick results and also avoids nauseating internal doses. Just as good for adults and for skin inflammations, such as cuts, burns, bruises, bites, stings.

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

The Vicks is new in Canada, it enjoys a remarkable sale. Over 17 million jars used yearly.

Here and There

Banff.—J. B. Harkin, Commissioner of National Parks, has announced that the formal opening of the Banff-Windermere Road, work on which was concluded last year, will take place on June 30. The ceremony is to be held at Vermilion Crossing, half way between Banff and Windermere, motors leaving both ends of the road early in the morning to meet at that place. The suggestion has been made by R. R. Bruce, of Invermere, that the National Park be named "Columbia National Park," and the road leading up the Columbia Valley from the boundary to Golden be named the "Canadian Columbia Highway."

Victoria.—Motorists will have a new circuit trip available with the completion in May of the high-powered motor ferry now building at Yarrow. Not only will Island and Mainland be linked by the operation of this craft, but the Canadian Pacific will have the steamer "Charmer" engaged in the purpose farther north. The "Charmer" will operate between Vancouver and Nanaimo, furnishing accommodation for all types of cars. With the new ferry in service, a new circuit will be made available—from Seattle via Bellingham to Sidney, thence to Victoria over paved road, to Nanaimo over the Malahat, thence by the "Charmer" to Vancouver and down the Pacific Highway to the border line and Seattle again.

The motor ferry will have ample height between deck to allow for all classes of cars. During the busy season it will make two round trips every day. The vessel will be fitted with observation rooms and open deck spaces to give tourists every opportunity to enjoy at their ease the fine scenery through the channels between San Juan, Lopez and other islands of the San Juan archipelago.

DEFAULT TAXES

Some \$38,000 in default town taxes are outstanding. This is a large amount and if the town had the money, it could be used to advantage and taxes would be considerably decreased. Is there any reason why this matter should not be dealt with in a business-like way? It is a matter of great importance to our town. The Town Council should grapple with the situation and endeavor to find a remedy to clean the list up. The remedy adopted should apply to one and all alike.
