HER CASE SEEMED HOPELESS

But "Fruit-a-lives" Brought Health and Strength

29 St. Rose St., MONTREAL.

"I am writing you to tell you that I owe my life to 'Fruit-a-lives'. This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-lives' and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well!"

GENERAL NEWS IN BRIEF

(By C. P. R. Telegraph.)

Vancouver, B. C.—The February catch of fish in the Fraser river fisheries district is valued at \$3,838. This is almost double the catch for the same month last year.

Consul, Sask.—The Imperial Oil Company has filed an oil claim on twenty sections of land south of here along Battle Creek. Wells will be sunk in the spring.

Chicoutimi, P. Q.—Work has been commenced on the erection of the model city of Saguenay by the Price Bros. Company, which will cost about \$20,000,000. It will contain 400 houses at the outset, built of brick and will be electrically heated and lighted.

Huntingdon, B. C.—Sumas Indian Reserve, comprising 160 acres of land watered by the Little-Sumas, has been purchased by the Soldier Settlement Board for soldier settlement and will be divided into four farms.

Winnipeg, Man.—A sale of farm land, amounting to a quarter of a million dollars, was effected recently by Charles Applegate, of Minneapolis, representing a number of Iowa farmers. The land sold is in the Humboldt district, and the purchasers will arrive over the C.P.R. in time to get the seed in this spring.

Toronto, Ont.—Growing conditions in the province are reported on all sides as very favorable, fall wheat being in very good shape and preparations for spring crops under way. Fruit growers are optimistic over the season's prospects. Many farms are cleaning hands and wages of farm help has reached the record of from \$600 to 750 per year.

Vancouver, B. C.—The steel freighter, S.S. "War Charger," built by J. Coughlan and Sons, was recently sold to Greek operators for \$1,800,000.

Ottawa, Ont.—It is expected by industries interested that there will be introduced at the present session of parliament legislation permitting private firms to manufacture industrial alcohol. This is at the present a government monopoly and the production is considerably short of the supply, the paint industry among others being badly affected.

Alsask, Sask.—Gold was found in a shallow well on a farm ten miles west of here, and already twenty-five claims have been taken out in the sector. The gold was assayed at Calgary and declared to be the genuine metal. The well is located near an old creek or river bed and is said to be ideally situated for placer mining.

Yorkton, Sask.—Two local men have started a Belgian race farm and secured the nucleus of seven animals from George Rupp of Lampman, famous all over the American continent as a breeder of high-class Belgians. They also purpose bringing stock to the province from the big farms of the United States.

Quebec, P. Q.—Five new agricultural districts have been created in the province for the advancement and further development of modern farming. These districts are supplied with agricultural experts who give advice on all branches of the pursuit and encourage up-to-date farming methods.

Fredericton, N. B.—An insistent demand has been made that a thorough investigation of the possibilities of harnessing the tides at the head of the Bay of Fundy, as a power development proposition, be made. It is believed that with the help of the railways the project could be carried out successfully and some investigation work has been undertaken.

Fredericton, N. B.—The transfer of the crown lands held by the estate of the late Sir William Van Horne a former president of the C.P.R. to the Dalhousie Lumber Co., a subsidiary of the International Paper Co. of New York, has been accomplished. The lands consist of 122½ square miles in Northumberland County, on the Serpentine.

Calgary, Alta.—Arrangements have been made by the Belgian government for credits amounting to ten million dollars for the purchase of western Canadian cattle. Since the signing of the armistice, a large trade in livestock has been maintained with Belgium and France.

The Choice of People of Culture

In homes where good books, pleasing pictures and comfortable living express the taste of people of culture, it would be expected that a tea of fine quality would be served.

It was to meet the taste of such people that Red Rose Orange Pekoe Tea was produced.

This extra quality tea consists of mountain grown Orange Pekoes imported from the best tea gardens where unusual care is taken in the selection of the seed, the cultivation of the soil, the plucking of the leaf and the final preparation of the tea for market.

Those who are able and willing to pay an extra price for a very special tea are recommended to try Red Rose Orange Pekoe Tea.

Sold only in our new package—the waxed board carton.

THOUSANDS OF VOLUNTEERS RALLY AROUND STANDARD

NEW YORK, April 17—Thousands of recruits in New York flocked today to the standard of "General Overall," whose march against the gerilla forces of the High Cost of Clothing started recently in the south gained strength in the west and now has reached the east for decisive battle. The blue denim brigade which had its inception here among members of the Cheese club of dramatic press agents, critics and theatrical writers obtained reinforcement today when 5,000 DeWitt Clinton high school students voted to wear khaki overalls. Then Columbia university endorsed the movement and other schools and business and professional clubs began to fall in line.

TOPEKA, Kan.—A movement to have all the delegates to the Democratic state convention, to be held in Wichita, April 22, wear overalls and

DEER SEASON SHORTENED

Toronto fur dealers, represented by George McLeith, John Hallan, W. R. Sweeney and S. Brazier, protested to the Fish and Game Committee of the Legislature against the present royalty system, because of the extra clerical work entailed. They suggested a new licensing fee graded from the farmer or trapper to the ultimate dealer. They were asked to submit proposals in writing. Despite objections from the C. N. R. and C. P. R. who claimed that shortening of the deer season in the north would injure tourist traffic the committee reduced the open sea-

OTTAWA, April 17—On the understanding that American interests will furnish in April 2,000 tons of raw sugar to the Atlantic Sugar Refinery, the Dominion Government through the Canadian Trade Commission, has granted export permits for 10,000 tons of granulated sugar to go to the Central and Western States, where an acute shortage of sugar has developed.

As the raw sugar would not come to Canada if the export permits were not granted, it is pointed out that the situation in Canada will not be affected as to the amount of sugar available here, and that in any case the price of sugar is not rising here on account of shortage, but because the raw sugar market is now in the hands of speculators.

The Telephone Situation

What We Get For the Money!

On January 1st this year our total investment in telephone property—buildings, equipment, tools and supplies, plus what it has cost in actual cash to put this working equipment into service—was \$51,458,306. On the same date we had in operation 337,476 telephone instruments.

This means an investment of \$152 for each telephone instrument in service.

What has been provided for this investment of \$152 per telephone?

Here are some of the things:

An exchange telephone system in thousands of cities, towns and villages in Ontario and Quebec with substantial fire-proof buildings the last word in sanitation and convenience; 36,750 miles of Long Distance wire on 4,500 miles of poles; 587,000 miles of wire in underground cables; many hundreds of miles of wire providing party service to rural communities besides exchange and pole line facilities to give exchange connection to 720 local telephone organizations serving over 103,000 subscribers, mostly farmers.

It takes some 11,600 telephone workers to operate the system and their wages in 1919 totaled \$9,400,000.

This goodly band of faithful workers, with those dependent on them, are a substantial element in the community. They are intimately concerned in its welfare—concerned most of all that the telephone service shall be adequate to its needs. They appreciate, just like the rest of humanity, the kindly co-operation of the public.
