

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. Wm. Yocco, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

Landed on Top of the Mountain.

Mr. Post Declares That They Had a Beautiful Trip.
Montreal, Oct. 26.—According to advices received to-night the missing balloon America, II, landed safely at Peribonca River, Lake Chalgoma, in the Saguenay district north of Lake St. John on Wednesday last, the 19th. Messrs. Hawley and Post, the balloonists, arrived at Ambrose, Quebec, this afternoon, bringing the first word of their safety, and they drove to Chicoutimi, forty miles distant, where they arrived safely this morning, and told their story.

"We had a beautiful trip," said Mr. Post. "We crossed Lake Michigan and Lake Huron and followed what I should judge to be the route of the proposed Georgian Bay Canal. And if you ask me, this is water- enough in that section of the country not only to run the canal, but to float all the ships in the world. Then we crossed the Ottawa and floated over the forests of Northern Quebec, passing over innumerable lakes and rivers. The country below us always was densely wooded."

"Finally on Wednesday morning we found that we were north of Lake St. John and going well, and we had hopes that we would be able to continue the trip until we struck the Labrador coast. Unfortunately about three o'clock on Wednesday afternoon, the 19th, a storm came up, and it became necessary to make a landing. We picked out a mountain and came down upon it, and made an easy landing on the mountain side at an elevation of about sixteen hundred ft. This was at 3.50 p.m. It was very nightfall and we knew that we were a considerable distance from any settlement, so we decided to pass the night in the basket of the balloon. The next morning we started for civilization, heading south."

Cured His Rheumatism In Three Weeks.

James LeB. Johnstone, a prominent member of the Citizen's Band, of Chatham, writes:

Rev. Father Morrissey

"I contracted Rheumatism by exposure, five years ago, and was ailing for two months and in great pain all the time. I got Father Morrissey's No. 7 Tablets and took them for about three weeks, when the Rheumatism all left me and I have had no return of the pains since."

Father Morrissey's "No. 7" Tablets

Rheumatism is generally brought on by exposure, but is really caused by Uric Acid in the blood. This Uric Acid is an irritating poison, formed from the waste matter of the body. The kidneys should remove it, but when they fail it poisons the blood, and settling in the joints, causes Rheumatism.

"No. 7" Tablets clear out the clogged-up Kidneys and stimulate them to perform their task of filtering the Uric Acid out of the blood. When this is done the Rheumatism simply and naturally vanishes.

"No. 7" Tablets cost 50c. At your dealer's. 28

Huge Monument.

The Best Wood to Make the Grave of the "Son of Heaven."

A magnificent mausoleum is to be built to mark the resting-place of the late "Son of Heaven"—the Chinese Emperor, Kwang Hsu. The forests of the Orient were searched for the best and most durable wood, and, after much competition, a Manila lumber company has won what is described as the richest commercial prize of recent years in China. The preliminary contract for the material has now been signed by two of the Chinese Imperial Princes, and it provides in the first place for the shipment of 50,000 feet of Philippine hard wood. This was to have sailed last week by special steamer, and on its arrival at Peking work is to start forthwith on the mausoleum among the tombs of the Ming dynasty near the capita. For the huge pillars of the mausoleum giant trees will be taken from the Mindanao forests. Some of them, already cut, are 60 ft. high and 4 ft. in diameter, weighing over 17 tons.

Delegation to Corro-tion Thought Likely.

Ottawa, October 28.—It is probable that the Canadian Government will follow the example of Great Britain and ask Parliament to send a Canadian delegation to attend officially the coronation of King George and Queen Mary in London, in June next year.

If the proposal is made, there is no doubt whatever about its adoption, and it is believed here that the delegation may be composed as follows: Twenty Liberal and twelve Conservative members of parliament the Chief Justice of the Supreme Court, the Provincial Premiers of Canada and the whole of the Federal Cabinet.

Praise For Britain.

The German explorer, Dr. Carl Peters, is telling his numerous friends all about his latest discoveries in South Africa. Germany has to thank this resolute man for most of her East African possessions. He also claims to be the pioneer of the movement for the increase of the German navy, and the author of the Anglo-German agreement of 1890. For some years he lived in England with his uncle, Carl Engel, the well-known composer, and he has stated that "the foundation of German East Africa was practically the consequence of impressions I received in England."

At one time the doctor had strong anti-English views, but now he is a staunch admirer of England and its people. He declares that we are "a nation of statesmen—the greatest since the Romans."

City Council.

The meeting opened at 7.30. The Mayor and full Board present.

The Newfoundland British Society asked that the tax be removed from the portion of the British Hall rented to the Government. The Council could not alter the decision of the Court of Revision.

Supt. Grimes reported that he had ordered the removal of obstruction to sidewalk, on Thomas St.

The Superintendent also drew the attention of the Council to the condition of fence on Harvey Road, near Presbyterian Church.

Donald Morrison, on behalf of the Presbyterian Church, requested the Council to repair the retaining wall at rear of the Church and estimated that the fence complained of would be replaced. The Road Committee will visit the locality, and the Secretary will ask the Trustees of the Church to meet them at eleven o'clock on Tuesday next.

Residents of Holytown complained of smoke from Standard Mig. Co.'s chimney, and asked that the Council request the Company to make their chimney higher. The Company will be notified; also the Globe Steam Laundry and the Tub Factory, to abate nuisance.

Residents of Coronation Street complained of water draining from marshy land in the vicinity. Sewerage connection will remedy the trouble.

R. A. Squires, on behalf of Mrs. Simons, complained of inconvenience through flooding from Barnes Road. Referred to Engineer.

Tenders were read from Angel Eng. Co. and Reid Nid. Co. for erecting iron closet in Hearn's Cove. Contract awarded to former.

W. F. Kenny asked permission to repair factory. Granted.

Further consideration of the Commercial Cable Company tax, and the request to exempt the proposed Seamen's Home from taxation, was deferred for a special meeting.

A discussion arose over the Gas Co. failing to notify the Council when they open streets. The Company will be ordered to report on all such occasions in future, and the Inspectors are to see that the street is properly replaced where excavation takes place.

The East End Road Committee reported on the matter complained of by S. March and Sons, at last meeting and recommended that gullies placed at certain points in the locality would remove cause of complaint.

A sewer will be laid off Duckworth Street, between Merchant's Lane and McBride's Hill.

The sidewalk on Prescott Street will be repaired, and owner of vacant land on Bates' Street ordered to fence same.

The Road Inspector will visit South Side and report on sewerage conditions near Baine Johnston's.

The Gas Co. will be ordered to either improve the light on George Street, or remove it altogether.

Repairs will be made to Stevens Street.

The water will be kept running at certain watering troughs for the convenience of truckmen.

Geo. Herder was granted permission to repair houses on Hagerty Street.

The Engineer reported on progress of work in laying sewerage and water pipes in the various streets where such work is being done.

A lengthy discussion, in which all the Councillors participated, took place over the matter of providing a playground for the city on the present Parade Ground. It was finally resolved to notify the Government that the Council had decided to preserve said ground as a public recreation place, and that they would proceed to fence it early next year. The Council would be glad of any help from the Cricket Club and other similar associations in turning the present barren site into an attractive spot for the youth of the city.

After the reading of reports and passing of pay rolls, etc., the meeting adjourned at 10.30.—Daily News.

Stafford's Prescription "A" cures Dyspepsia. oct 29, 11.

PRISONER BY TRAIN.—Constable Oulien came in by the express from Bay of Islands to-day bringing the prisoner, Butte, of Bonne Bay, who is held in a barrack case, already published.

TALK No. 2
FOOD scientists condemn alum as unfit for use in food, and the time will come when it will be as rigorously excluded from food in Canada as it is now condemned in Great Britain.

MAGIC BAKING POWDER

Does not contain Alum

MAGIC makes pure delicious, healthful biscuits, cake and pastry. Protect yourself against alum powders by insisting on MAGIC BAKING POWDER.

MAGIC is a medium priced baking powder and the only well-known one made in Canada that does NOT contain alum.

Full Pound Cans, 25c.

FREE COOK BOOK If you have not received a copy of Magic Cook Book, send name and address on postal card and this valuable little book will be mailed free of charge.

The Evening Chit-Chat

By RUTH CAMERON

There is a certain spot very near home for all of us, to which an occasional—say a weekly or at least a monthly visit—would be invaluable.

And yet, some of us go there not more than once or twice a year, some of us once or twice in a lifetime, and some of us never.

And that spot is simply the bottom of our hearts.

How often do you go down into the very bottom of your heart?

A little friend of mine was trying to make up her mind about something. "In the bottom of your heart," I asked, "don't you know that you don't care for him?"

She sat thinking intently for a moment or two.

"Yes," she acknowledged slowly "in the bottom of my heart, I guess I do know it. I don't know as I ever went there to find out before."

That's the way with most of us.

We have some important question to decide, and we argue with ourselves, and range disadvantages and advantages against each other in pitched battle, and get needlessly confused and embroiled, while down in the bottom of our hearts, clear and distinct as the pebbles at the bottom of a crystal well, the true answer lies waiting for us to come and look for it.

To ten men who are honest with other men, I don't believe there is more than one who is thoroughly honest with himself.

We try, self-consciously, to judge of other people's motives, but wise is the

man that knows even his own motives, I think.

I remember the first time I had a check book. As soon as I got it I wrote out a check for a certain charity. I started to be pleased with myself at my virtuous action, and then I took a trip to the bottom of my heart, and wondered, "Am I doing this wholly for sweet charity's sake, or partly for the pleasure of using my new check book?"

I think the best time to go down to the bottom of your heart is in the morning, just after you wake up, or rather just after you have completely swept away the cobwebs of sleep by your morning bath.

The white is cleanest then. At night the sunset glow of the emotionalism, which is so much strongest in most of us at that time, is reflected in it and makes it less crystalline and the breeze of mental excitement and enthusiasm, which is usually most lively then, ripples and quivers its surface.

But in the morning—the clear, cool, unemotional morning—the will of your inmost self awaits your scrutiny, clear as a crystal, unruined as a mirror.

Have you any problems to decide? Have you any subject that demands your very sanest consideration?

If you have, why not see what suggestion lies at the bottom of your heart?

Why not visit that neglected spot to-morrow morning as you dress? You may not find anything indifferent there from what you know already.

And then again, you may find truth itself, undiluted and undisguised.

But maybe you don't care much for truth that way.

Few people do.

Ruth Cameron

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times, and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stimulant, bowels regulator and nerve strengthener.

The "Golden Medical Discovery" is a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a full extract made with pure, triple-refined glycerine of proper strength, from the roots of native American medicinal herbs. World's Dispensary Medical Association, Props., Buffalo, N. Y.

Carthaginian Leaves.

The Allan liner Carthaginian arrived here at 5.30 p.m. yesterday, after a six days run from Philadelphia. Leaving there on Sunday morning, she had fine weather on the run down, but Thursday forenoon she encountered dense fog with a gale of easterly wind when she was about fifty miles west of Cape Race, since then the ship has been knocking around in the fog, and early yesterday morning she picked up the Cape Spear whistle, and remained out until the fog lifting she was enabled to enter port. The ship brought 374 tons of cargo and 14 passengers in steerage. She sails for Glasgow this afternoon.

The Body Found.

Yesterday afternoon Mr. A. W. Picot, Minister of Marine and Fisheries, had a wire from John Snow, Grand Lake, saying that the body of the late W. Bagg, who was drowned in the Rapids, Sandy Lake, had been recovered by the sender of the message and a man named Pennell. The latter took the body to Curling for interment. It is a consolation to the parents of the deceased to have the body recovered from the waters.

Here and There.

DAUGHTERS WILL MEET.—The Daughters of the Empire will meet in the British Hall this afternoon.

STILL GETTING FISH.—The fishermen of Portage Cove and Petty Harbour are still getting nice catches of fish every civil day.

BANDS WILL PLAY.—The C. C. C. and C. L. B. Bands will be in attendance at the Exhibition halls to-night from 8 to 10 o'clock.

FIRST AID EXAMS.—The exams. in Dr. McLeod's First Aid Class took place last night; twenty-four were examined. The results will be made known next week.

RETURNED HOME.—Fifteen young men of Harbor Main District who had been working at Philadelphia coal mines all summer, returned yesterday by the Carthaginian.

HOTELS FILLED.—All the hotels and boarding houses in the city were filled this week owing to the fact that about 1,000 people were in from the outports to see the Exhibition.

TOOK PHOTOS.—Mr. C. Parsons before the Exhibition was closed down last night took several fine photographs of the work and the booths, most of which he will later enlarge.

SEWING MACHINES.—Great reduction November month only. To close large stock we are offering big reduction on Hand and Foot machines November month. Call early, CHESLEY WOODS, 140 Water Street—nov2,11.

TEMPERANCE MEETING.—The C. E. T. S. will hold a public meeting in the Synod Building, Monday night, at 8 o'clock. The chairman will deliver an address. Tea will be served at the close by the ladies. A good musical programme has been prepared.

A DOUBLE BEREAVEMENT.—On Sunday last Mr. Cornelius Winsor, a well known and respected resident of Westville, passed away after an illness of long duration. Only a few weeks ago we recorded the demise of his son, and this double bereavement is a sad one for the relatives of the deceased.

The Famous Needham Organ—Tens of thousands in use world over. Sold in almost every Cove and Hamlet in Newfoundland. Seven styles to choose from. Liberal terms. CHESLEY WOODS, Sole Agent, 140 Water Street—nov2,11.

A THOUGHTFUL ACTION.—Mr. Jesse Whiteway closed his stores at 6 p.m. yesterday to enable his employees to visit the Exhibition at night. Before leaving the store they subscribed the sum of \$5 for the Regulus and Golden Arrow Fund, and Mr. Joshua Burt will hand this to the proper person. This was a generous action worthy of emulation.

THE POSTMASTER SICK FOR YEARS

BUT HE FOUND PERMANENT RELIEF IN DODD'S KIDNEY PILLS.

Mr. John Nolan had Backache, Nervousness, and Rheumatism but cured them so they didn't come back.

Point La Nim, Restigouche Co., N. B. Nov. 4.—(Special).—That as a renewer of youth Dodd's Kidney Pills has no equal is the experience of John Nolan, the veteran postmaster of this place. Sixty years of age but still strong and healthy, Mr. Nolan declares he owes his health to the great Canadian Kidney Remedy, Dodd's Kidney Pills.

"For ten years I was a sufferer with Backache, Nervousness and Rheumatism," says the Postmaster. "I was so bad at times that I was confined to my bed. I felt heavy and sleepy after meals, had flashes of light before my eyes and had difficulty in collecting my thoughts. After using several medicines without benefit I began to take Dodd's Kidney Pills, taking in all fifteen boxes. That was four years ago, and though I stopped taking the pills two years ago I have had no return of my trouble."

Backache, Nervousness and Rheumatism are all caused by diseased Kidneys. To cure them to stay cured you must cure the Kidneys with Dodd's Kidney Pills.

MINARD'S LINIMENT CURE S DIPHThERIA.
