Eagle and Ranger Arrive.

Yesterday evening the s.s. Ranger reached port in tow of the s.s. Eagle. The latter hauls for 15,000 seals and the Ranger for 4,200. The Ranger broke her shaft while backing on Monday, and her crew instantly became concerned for the ship's safety and messages were sent out, and the Eagle was obliged to go to her rescue. The Eagle was at the time of receipt of call in the neighborhood of the seals, and a full load could have been easily killed in short time. In fact go plentiful were the seals that on Tuesday one of the Eagle's crew shot 400 old harps. The urgency of the Ranger's call, however, could not be disregarded and so after some hours of searching the ships came in sight of each other on Wednesday. A tow line was fastened, and headway made for port. On Thursday the line broke and only after considerable delay and difficulty was it again made fast. Finally the ships harbored yesterday evening. The crew report that the spring was one of the worst on record.

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c. BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody who suffers from rheumatism or who has a friend so afflicted, to get a free 75c. package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c. package free if you will send your name and address with 10c. to help pay postage and distribution expense to me personally."

F. H. Delano, 808 K. Wood Bldg., Syracuse, N.Y. I can send only one Free Package to an address.

NOTE: Orders for Delano's Rheumatic Conqueror will be filled from their Canadian Laboratories without duty.

Cape Breton Inquiry.

The enquiry into the "Cape Breton" accident was continued yesterday, when John A. Campbell, the ship's third engineer, Thos. Hare, the carpenter, and the Minister of Marine & Fisheries were examined. They are the last witnesses to be called. However, the enquiry will not be closed until the arrival of an inspector who is now en route here from Ottawa.

Schr. Lillian M. Richards has entered at Grand Bank to load cod from Forward & Tibbo for Lisbon.

Damaged Ship Returns.

Schr. Thomas W., which sailed from here about two weeks ago with a cargo of fish for Barbados, was obliged to put into Renews in a leaky condition. After being caulked, she sailed again, but put back to this port, and on Monday last resumed the voyage. Yesterday she again arrived in port, having lost her bowsprit and received other damages to her head-gear.

Died on Eagle.

On the fifth of April a man named Stone, of S.S. Eagle, died of the "Blus Flu" after a very brief illness. Dr. Dunn did everything possible for the sick man, but without avail. Upon the ship's arrival yesterday Mr. A. Carmell took charge of the body and had same enclosed in a beautiful casket by order of Bowring Bros. The remains were sent out to-day to his home at Bay Bulls.

Shipping News.

The schr. Phileas was towed to port yesterday afternoon from Trepassay by the tug Ingraham.

Schr. Falka reached port yesterday, after a run of 36 days from Lisbon, with a cargo of salt to A. H. Murray & Co.

Schr. Josie and Phoebe has sailed from Burin with 3,339 qts. of cod from W. & T. Hollett for Oporto.

Schr. Nordica, with a cargo of salt from Lisbon for Patten & Forsey, has arrived at Burin.

Schr. Frank H. Adams, 43 days from Barbados, reached port yesterday with a cargo of molasses for G. M. Barr.

Personal Mention.

Mr. T. Kemp, of Placentia, is registered at the Crosbie.

Mr. James Kavanagh, who was Dr. on the Ranger, had a busy spring but was fortunate in bringing everyone through safely.

Capt. Chambers is in the city on a short visit, after 18 months of absence on war services.

Mr. W. White, of the White Clothing Co., who had been on a business visit to Canada and the States, returned by the Digby.

Note of Thanks.

A. G. Hudson and family of Lower Island Cove desire through the press to express their sincere gratitude and thanks to the very many friends who sent them messages and letters of sympathy in the sudden and unexpected death of Mrs. Hudson who was in every respect all that wife, mother and friend could possibly be.

We also thank Marshall Bros., Mrs. J. Pearson, Mrs. J. Bryden, Mrs. Thomas Tucker, Mrs. Joshua and Mrs. Edgar Tucker of Burnt Point; Mrs. W. F. Penny and family of Carbonar, for wreaths sent for the casket and funeral obsequies.

The Orange Association and the W. M. S. of Lower Island Cove not only gave a beautiful and costly wreath each but did everything that love and sympathy could prompt and so did all the people around to soothe and soften the sorrow that has darkened our home and life.

We would say to the many inquirers who have asked for particulars of her passing that there is nothing more than that Mrs. Hudson spent a busy cheerful day preparing with loving and willing hands a social cup of tea for the W. M. S. of this place to be served in their meeting the following day; passed the last hours of the day with her family in sacred music and prayer; retired to her room bright, cheerful and apparently well in health.

We found her a few minutes later comfortably settled in bed but neither speaking nor moving, she was breathing out one of the most beautiful and useful lives that mortal could live. That is all.—A. G. H.—adv.

WITH DAMAGED RUDDER.

With her rudder disabled the Newfoundland schooner Metamora, Captain Carrier, bound from Jamaica to St. John's, with a cargo of sugar, put into Halifax port Monday morning. It is not known whether the schooner will repair here, and at present ship is at Farquhar's wharf.

Sailing from Jamaica on March 26th the Metamora was five days out, when she encountered heavy weather, and at midnight her rudder was damaged. Auxiliary apparatus was put into use, and with its aid the schooner made this port. Her skipper did not think it advisable to continue on to St. John's, so he decided to put into Halifax.

The Metamora sailed from St. John's about six months ago with a cargo of heaving for Jamaica, to another southern port, and thence to Turk's Island, where she discharged and loaded dark sugar for St. John's. She is owned by Messrs. Job Brothers of St. John's.—Morning Chronicle.

Fishery Reports.

Fishery reports from Rose Blanche say prospects are very good, but bait is scarce and fish, although plentiful, of a small run. Stormy weather considerably hampers the fishery success. Twenty-three bankers have so far arrived and haul for 700 to 1,000 qts. per vessel. Although this is not so good as last year, the shore boats have done much better. The catch to date amounts to nearly 15,000 qts.
