ALLEN'S LUNG BALSAM is the great modern remedy for Coughs, Croup, Consumption, Asthma, Whooping Cough, and BRONCHITIS. It is recommended by Physicians every where, who are acquainted with its great usefulness.

Dr. A. L. Scovill, of Cincinnati, Ohio, says:—"I have witnessed its effect on the young and the old, and I can truly say that it is far the best expectorant remedy with which I am acquainted. For coughs, and all the early stages of lung complaints, I believe it to be a certain cure; and if every family would keep it by them, ready to administer upon the first appearance of disease in the lungs, there would be very few cases of fatal consumption. It causes the phlegm and matter to rise without irritation, and soothes the inflamed and irritated membrane of the lungs, and without producing constipation of the bowels. It also gives strength to the system, stops the morbid secretions, and changes all the morbid secretions to a healthy state."
