BENNETT TALKS MUCH  
POLITICAL AND  
OTHER MATTERS

Senate Did Not Desire to  
... Naval Bill But Did So  
... the Bidding of Laurier  
... Policy Is Sincere and  
... Together Anti British.

BENNETT LOST CHANCE  
IN TERMINAL ELEVATOR

... to Be Said for Present  
... Local Matters Except  
... Credit of Alberta Has  
... Ruined in Financial  
... of the World.

BENNETT, M.P. for Calgary,  
... of the men of the city yesterday  
... morning from the capital after  
... session of parliament,  
... engaged all day long inter-  
... the many who were anxious to  
... most of the summer, as he ex-  
... the house will not be in ses-  
... until the beginning of the  
... session.

... of matters of local inter-  
... Bennett said that the question  
... of the minister of militia was to  
... Calgary within a few days with  
... to Hamilton, and they would ex-  
... the situation which had been pro-  
... of Newmarket Park and the other  
... which was now suggested.  
... after did not appear to Mr. Ben-  
... be so favorable as the other,  
... he stated was agreed on before  
... the session.

Calgary Lost Opportunity.  
... to the entrance of the Grand  
... railway into Calgary, Mr. Ben-  
... said that matters were still hang-  
... and the final determination  
... terminals which were to be  
... would not be decided for some  
... On the terminal elevator  
... Bennett said that the city had ap-  
... lost a good opportunity. The  
... was in such a position for the  
... that nothing could be said  
... there would be one elevator at  
... built in Alberta and the other  
... with the grain commission,  
... with the government. The city  
... had been slow to come out  
... the offer of a site and other places  
... been more eager in their repre-  
... to the commission. However, no  
... announcement could be made,  
... all the government and to waste  
... the money for the purpose.

Senate Was Unwilling.  
... of political matters the local mem-  
... Bennett said that the senate, he  
... had gone in the face of its  
... and those of the country.  
... also acted unconstitutionally.  
... the naval bill was a money bill,  
... and state had the right to reject it.  
... that many of the senators  
... in favor of allowing the na-  
... as presented by Mr. Jordan to  
... but they had been forced to act  
... to the dictates of Sir Wilfrid  
... and as a result the naval bill  
... was passed.

Borden Means to Pay.  
... according to Mr. Bennett, Mr.  
... is not a loss. The bill will not  
... presented again, but the government  
... to pay for three ships accord-  
... to Mr. Bennett, the three ships that  
... being started as Winston  
... said the other day. The  
... of the money will be intro-  
... the budget next year, and in  
... it is hoped to get through the  
... contribution of the three Dread-  
... to the British government.

Anti-British Feeling.  
... of the following of the govern-  
... in the country, Mr. Bennett  
... that he knew Laurier had many  
... known. Laurier, he declared, was  
... always had been anti-British, and  
... he naturally commanded the support  
... a large number of people who were  
... anti-British. Many of these people  
... have brought up in other countries  
... the north of the heel of Britain  
... on their country at various  
... in history, and to appeal to that  
... there had now and now was not the  
... thing.

The Credit of Alberta.  
... Bennett then reverted to the po-  
... of Alberta, and said that the  
... of the province had been ruined  
... the financial markets of the world.  
... was a sad thing, and the premier  
... was finding out his difficulty.  
... according to Mr. Ben-  
... the Great Waterways matter and  
... against Alberta in the eyes of  
... and other people in Britain.  
... the matter of the former prov-  
... had lost millions directly, and in-  
... directly its credit was ruined, and  
... the province suffered in conse-  
... it might be claimed that the  
... complement bill was advanced leg-  
... but to be advanced legislation  
... had to be honest, said Mr. Ben-  
...
