# Rough Finger Nails!

are constantly annoyed in cold weather by the rough appearance of their finger nails, caused by the fact that they break and split. The intense cold causes the nails to become brittle, and it seems impossible to trim them so

as to make them smooth. The possessor of such nails should cut them with well-sharpened manicure scissors: the nails must never be cut or filed unless the fingers have first been soaked in warm soft water. The brittleness may be very much lessened by rubbing "Hazeline" (a preparation of Witch-Hazel and Almond Cream, etc.) thoroughly into the nails and fingers at night. In a few weeks a wonderful improvement will be noticed, and their beauty much increas. ed. Anyone troubled with red, rough, or chapped hands, or face, or lips, will find "Hazeline" a sure and certain remedy. It is an ideal toilet prepara.
