THE DEATH OF CANOVAS. London, Aug. 10.-Foreign commen upon the assassination is less occupied with the political than with the anarchist aspects of the case. The press of all countries gives vent to the strongest denunciation of the crime. London, Aug. 10 .- An official dis patch from Simla reports that the British force of cavalry, infantry and war yesterday to punish the rebels in the Mohomand country, who, under the Mullah, attacked Fort Shabkadr, eighteen miles from Peshawar, on Saturday, has overtaken them and de feated them after a hard fight. The British, under Col. Woon, were mo-mentarily repulsed, but a brilliant charge by the Bengal cavalry turned the tide of battle. CAUTIOUS ABOUT KLONDIKE. London, Aug. 10.-If reports speak true, the British public is not jumping at the Klondike bait with the eagerness expected by the company promoters. No one doubts the abundant richness of the district in gold, but the newspapers counsel caution, owing to the great difficulties of transport. Sir Louis Davies went further. London, Aug. 10 .- A dispatch from Vienna says that unfavorable harvest prospects in Austria-Hungary, which have been aggravated by the floods. have caused a rapid rise in the prices of cereals, which are now higher than for many years. W view of allaying anxiety, the Hun-garlan minister of agriculture has issued a report to the effect that th ndition of crops is less unfavorable than was supposed. The total wheat yield is computed at 27,000,000 metric centals. This, however, is far below the average, and will leave almost no margin for exports, whereas Hungary usually exports 12,000,000.
