Russia is becoming a great buyer of British-grown teas. Partly owing to the enormous increase in the quantity they are using, the price of tea at the gardens has advanced greatly during the past year, making it necessary for the "Salada" Tea Co., in order to maintain the high standard of quality for which "Salada" is noted, to advance the price of "Brown Label" from 25c. to 30c. per pound.

Woman's Confidence in Woman.

Womanly women shrink as a rule from speaking to men other than their husbands about any troubles peculiar to their sex from which they may be suffering. Their sense of modesty and refinement prevents them from consulting a doctor in regard to such disorders, even though they may be many times more painful and distressing than disease for which a physician is regularly called. On the other hand, they are always glad to confide about these matters to an experienced sympathetic woman. They know that her sisterly nature appreciates their sufferings and that her sisterly nature appreciates their sufferings and that she has a clearer and more instinctive understanding of the causes of the trouble than any man possibly can, on account of her personal experience and the experiences of those with whom she has come in contact.

Mrs. F. J. Currah, of Windsor, Ont., has a wide acquaintance in a confidential way with many Canadian ladies. A large number of women in all parts of Canada ascribe their recovery to Orange Lily, for which remedy, Mrs. Currah is the Canadian agent. She inspires confidence from the very start by offering to send, absolutely free, enough treatment to last ten days, to every suffering woman. This causes many to give the treatment a test who otherwise would never investigate it.

WEDDING IN WESTMINSTER

Miss Ella Kernan Becomes the Bride of Mr. Justice Copeman.

Spring is evidently at hand, as the marriage bells are beginning to ring. On Thursday at the manse, in Westminster, Rev. Dr. McCrae united in the holy bonds of wedlock Mr. Justice Copeman and Miss Ella Kernan, of Belmont. The wedding was a very quiet one, and the young people have the best wishes of their friends for this future happiness and prosperity.

The sale on the farm of Mr. John Marr on Tuesday was largely attended and good prices were secured. As the spring approaches it is found that fodder is more plentiful than was anticipated.

Mr. and Mrs. Andrew Marr have returned to Westminster from Detroit. They will reside on the old homestead. Rev. Dr. McCrae, who was laid up with a severe cold, is again about.

There has been a great deal of sickness in the community of Westminster of late, but most of the patients are recovering.
