While cutter with a strange experience one landont houses kent his thirty seems to be considerable time they have recently. Seventeen competitiors cap-lands in their neighborhood, from which their forefathers were evicted many years ago. A committee has been appointed by them, and this committee has shown its determination to bring matters to a point, by writing to the Scottish secretary to the effect that, unless measures are taken by the Government to give them land, they will, next October, seize and occupy the available land in their

neighborhood. A cat at Headshaw is at present nursing a pair of young squirrels, besides two kittens. It appears that the young squirrels were captured by workmen, who were engaged in cutting down a tree on which the nimble pairs had quarters. The cat has become quite attached to her strange

family. In his annual report, Major Ferguson, his majesty's inspector of conforces have been efficiently maintained. In Scotland there is one policeman to 1.183 persons in the counties, and one average cost per man for pay and Charles Bruce, banker, to found and clothing is about £84 10s, and the total cost of the force £476,061, of In the annual athletic encounter which £296061 is from the rates.

Lord Strathcona has taken the Mealanruach shootings, in Argyllshire for the coming season. At Edinburgh, the degree of LL.D
