## SELECT A. M. HUNT AS CHAIRMAN OF EDUCATION BOARD

Trustees Make Election Unanimous, No Opposition Being Offered.

### COLLEGIATE COMMITTEE

Dr. Mugan Will Move For Creation of Eddy to Deal With High School.

Trustee Anson M. Hunt was unanimously elected chairman of the 1914 board of education at its inaugural meeting on Thursday evening. His election was moved by Trustees W. W. Gammage and John M. Gunn. There was no opposition. Trustee Hunt, in taking the chair, briefly thanked his colleagues, and read a lengthy address outlining the work to be done within the next twelve months.

The proceedings were opened with prayer by Rev. W. H. Harvey, pastor of Ash St. Methodist church, who was tendered a vote of thanks on motion of Trustees J. M. Gunn and W. T. Strong. Chairman Hunt then extended the official welcome to the new members of the board, Trustees A. E. Silverwood, Thomas Rowe and C. J. Fitzgerald, the latter being the second separate school board representative. The fourth new member, Trustee W. G. Young, was not present.

The following appointments were then made:

Solicitor—T. G. Meredith, (re-elected).

Sergeant-At-Arms—Harry Merritt, (re-elected).

**New Committees.**  
No. 1 Committee—Trustees Dr. R. W. Shaw (chairman), Dr. W. J. Teasdale, John M. Gunn, E. R. Dennis, C. J. Fitzgerald and W. G. Young.  
No. 2 Committee—Trustees L. H. Martyn (chairman), Dr. J. P. Mugan, A. E. Silverwood, W. W. Gammage, W. T. Strong, F. H. Greenlees and Thomas Rowe.

**Audit Committee.**—Trustees Dr. W. J. Teasdale (chairman), A. M. Hunt, Dr. R. W. Shaw, Thomas Rowe and L. H. Martyn.

**Advisory Industrial Committee.**—Trustees E. R. Dennis (chairman), Dr. W. J. Teasdale, A. E. Silverwood, W. W. Gammage, W. T. Strong, and C. J. Fitzgerald, and Messrs. M. F. Irwin and F. E. Leonard, the latter two for three-year terms.

**Advisory Commercial Committee.**—Trustees Dr. J. P. Mugan (chairman), F. H. Greenlees, W. G. Young and Dr. W. J. Teasdale, and J. K. H. Pope and A. G. Calder, with Messrs. Pope and Calder for two-year terms.

**Dr. Flanders, New Representative.**  
W. H. Winnett was reappointed to the public library board for a term of three years, and Rev. Dr. Flanders was named to fill out the unexpired term of the late Dr. James Ross.

Trustees E. R. Dennis and G. J. Fitzgerald were appointed as representatives to the Western Fair Association.

**Wants Collegiate Committee.**  
Trustee Dr. Mugan gave notice that at the next meeting of the board, he would move for the appointment of a third committee to consider only Collegiate Institute matters. This move was suggested in Chairman Hunt's address and found general favor.

Inspector C. E. Edwards' monthly report showed an average daily attendance during December of 9,355, an increase of 372 over the same month in 1912. In manual training and household science, there were enrolled 512 boys and 547 girls, and the average attendance was 480 and 467 respectively.

Inspector Edwards recommended that the board consider the advisability of fixing the monthly fee for non-residents at the minimum cost based on either the monthly average enrolment or the total enrolment for the year, and also suggested that the principals of the large public schools be given assistance in order that they might be able to devote the necessary amount of time to executive work.

The annual report of the inspector showed the progress made in London schools during the year 1913, and set forth in detail the needs and requirements of the future. Contained in the document was much valuable information on local education conditions.

**FOUND DEAD ON ICE.**  
Ogdensburg, N. Y., Jan. 2.—The body of Peter Abrams, 69 years old, who started to walk from Cornwall, Ont., across the New York Ontario and Western Railroad bridge spanning the St. Lawrence River, was found on the ice under the American end of the bridge today. It is believed he slipped and fell.

## BAD BLOOD IS THE DIRECT CAUSE OF Pimples.

Pimples break out on the face and body, and it is impossible to get rid of them, unless you cleanse the blood of all its impurities.

Burdock Blood Bitters is without a doubt, the very best medicine for this purpose.

This old, and reliable medicine has been in use for nearly forty years, and has a reputation unequalled by any other preparation for removing all the impurities from the blood and banishing the pimples.

Mr. Edward Paquette, Navan Centre, Ont., writes:—"One month ago my face was covered with pimples and a rash. I had tried a number of these so-called blood purifiers with no avail. Seeing an advertisement of yours in which you strongly recommended Burdock Blood Bitters, I decided to try a bottle, and after I had taken it I could see a decided change, and after using three bottles more all the pimples had completely disappeared."

## SHERIFF FAVORS INDUSTRIAL FARM FOR SHORT TERMS

With Judge Elliott He Commends Idea of Prison Farm Here.

### SUGGESTS CO-OPERATION

Believes Western Counties Could Unite in Establishing Union One.

Judge Edward Elliott, Sheriff D. M. Cameron and other representative Londoners are strongly in favor of the establishment of an industrial farm for London where short-term prisoners could be confined, and, as well, perform some useful labor that would not only contribute towards the cost of their support while imprisoned, but would also be beneficial to them physically and morally.

"Yes, I am in favor of it," said Judge Elliott this morning.

**Joint Farm Here.**  
Sheriff D. M. Cameron pointed to London's admirable position as a centre for a joint industrial farm for all the western counties. The industrial farm idea provides for municipalities grouping together with a view to extending the Guelph Prison Farm principle for short-term prisoners. It has in view the moral uplift of the prisoners, the majority of whom are prisoners because of their inordinate fondness for liquor.

"Ninety-nine per cent. of the short-term prisoners, according to Sheriff Cameron, have an express desire and anxiety to work. In the recent court-house repairs a good deal of work was done by the prisoners, effecting a considerable saving to the city and county and greatly benefiting the prisoners, who left the jail at the expiration of their sentences improved in health, and possibly, morally."

**Jail Overcrowded.**  
Sheriff Cameron believes that London needs an industrial farm quite as much and probably more than other cities or municipalities where the question is being actively discussed. The jail is now overcrowded, and many of the prisoners incarcerated are of a class most likely to be benefited by the farm.

Dr. Bruce Smith, discussing the question Wednesday with Sheriff Cameron, was confident that an industrial farm here could be made self-supporting. The number of officials need not be so large as for the jail.

"The moral result to follow the establishment of such a farm," said Sheriff Cameron, "is the one point that should command the sympathy of all who are interested in the welfare of that section of the community to be dealt with."

The baby will probably be named Kenneth. He weighs four pounds.

## PROBING MURDER OF THOMAS MOORE

Benson Sent For Trial On Charge of Killing Lucknow Man—Nurse Under Arrest.

[Special to The Advertiser.]

Dixon, California, Jan. 8.—At the preliminary hearing of Charles Benson, charged with killing Thomas Moore, of Lucknow, Ont., here on Dec. 11, the prisoner was sent to the superior court to be tried for murder in the first degree.

**Nurse Changer Story.**  
Mr. G. S. Fisher, a nurse in the home where Moore was employed, gave a story more favorable to Benson than her first version, given immediately following the killing.

Then she said Benson had threatened Moore's life, that she saw a gun in her room. She now contradicts this. She now says that she saw the gun in the room where Benson was kept, and that she had overheard Benson say to his mother that he would go out and settle Moore.

Her new story conveys the impression that the conversation was merely about the settlement of some papers. She told the court that she last saw Benson when he went out of the room with his hat in his hand and no gun, a little before the shooting.

She was then called by Mrs. Ferguson, Benson's sister, who took her to the stable, where Moore lay dead on his back, with his clothes slightly ruffled and no indications of struggle.

When she first went to the Benson home, the nurse said, she was told by Benson that Moore was his sister's husband, he afterwards denying it, and saying that they were merely living together, and he and his brothers had ordered him off the place, as he was making trouble. The nurse said she could see no trouble being made by Moore.

**Benson Asked for Gun.**  
Before the killing she overheard Benson talking with his invalid mother about the disposition of some land. Benson finally said, "I'm here for that purpose and I'm going to see it through."

Benson had asked her for the gun two days before, saying he was afraid his sister might kill him, but she, the nurse, would not give it to him. Dr. Morrison testified as to finding the body. He said there was no indication of a struggle. He picked up the bullet which killed Moore a few feet

## DECLARES CABARETS DENS OF INIQUITY

Montreal, Jan. 8.—Four of Montreal's cafe chantants or cabarets—the Arlington, Regal, Parisien and Arbour—will, after May 1 next, be a thing of the past, unless something drastic is done to overturn a ruling handed down by the license commissioners today, refusing to renew the certificates of the owners of these places.

The session of the commission was marked by a most unprecedented expression of public opinion highly condemnatory of the existence of the cabarets locally. Representatives of all religious bodies, except possibly the Jews, delegations from practically every social betterment organization in the city joined forces in demanding the abolition of all night cafes, which were all united in describing as pest holes of immorality.
