Famous Old Recipe for Cough Syrup

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a 16-oz, bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens, and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoving throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Nor-**0000000000000000000000**

bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the

Avoid disappointment by asking your druggist for "21/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

INLY THE MOTHER KNOWS DANGER OF TEETH ABSCESSES IS ELIMINATED BY DISCOVERY

> Toronto Will Benefit All Mankind. STARTED IN 1920 Copper Amalgam Used As Permanent Filling in

Root Canals. Canadian Press Despatch. Toronto, Jan. 6 .- Elimination of Fredericton, N.B., writes:—"My little boy, age nine years, had a dreadful of the teeth, which is responsible for a variety of ills ranging from rheumatism to eye trouble, is expected to the first of tried or the completely relieved. I would advise all mothers to use this remedy for their children as it is an excellent medicine."

atism to eye trouble, is expected to the complete control of the control of the complete control of the complete control of the cont

used before as a filling for teeth, our until the research work at the university it was not known to have permanent germicidal effect. Dr. F. C. Husband, a Toronto dentist, gets the credit for what is expected to be the greatest advance in dentistry in a hundred years.

Research work has been carried on

hundred years.

Research work has been carried on at the university of Toronto since March, 1920, first under the direction of Professor J. J. MacKenzie, who died, and then under Professor O. Klotz. Results of the work of the staff have been given before various dental associations, and the discovery will be explained in a paper from the Toronto section to be read at the the Toronto section to be read at th
