KING GEORGE REFUSES MORE ROYAL RESIDENCES

Associated Press Despatch.

New York, May 25.—The raw sugar market was steadier in tone today. Prices were well maintained, being quoted at 4.33c for spots and 4.40c to 4.52c for later shipment. Sales included 20,000 bags of Porto Rican for prompt shipment at 4.33c; 18,500 bags of Cuban, prompt, at 4.40c, and 14,000 bags of Philippines. July-August shipment, at 4.52c.

London, May 25 .- Disregarding the ancient precedent set down by Roman emperors, King George recently declined to accept a legacy of Gwyrch Castle in Wales and \$250,000 for its upkeep, hequeathed to him in trust by the Countess of Dundonald, who died last year, leaving an estate valued at mor than \$1,000,000. Hope was expresse ment, at 4.52c.

After opening 2 to 3 points lower under liquidation and commission-house selling, the raw sugar futures rallied on covering and buying by trade interests. The upward turn was influenced by the better tone in the spot market. Final prices were unchanged to 3 points net higher. Only a moderate inquiry was in the countess's will that the castle would become a permanent residence for the kings of England and for the princes of Wales, but as the bequest has been disclaimed by the ruler, the property will pass, according to directions, to the Order of St. John of Jerusalem in England. The castle will be used by the order as a priory for residential and administrative purposes. Associated Press Despatch.

AMERICAN GOLD MAKES GERMAN MOUTHS WATER

Associated Press Despatch. Berlin, May 25.—German hotelkeepers in the smaller resort centers would like to have it known among tourists that they have lowered their rates. The country needs foreign money to help keep exchange at par and to lessen the burden of reparation payments, and the gold left behind by foreign visitors helps to these ends. Hence rates at many hotels have been reduced, and published tariffs have been issued which make it rossible for touring companies to resume business in Germany on much the same basis that they worked before

MINNEAPOLIS LIVERPOOL.

CHICAGO CHICAGO

Associated Press Desnatch.
Chicago, May 26.—Although selling to realize profits brought about early declines in price today for wheat, the market later scored an advance. General desire to take profits acted as first as more than an offset for higher quotations at Liverpool. However, wheat here rallied sharply after reports were received that considerable permanent damage to the spring wheat crop in the northwest had been done by the recent freeze-up. Opening urices, varying from 1½c decline to 1c advance, were followed by a series of downturns and reactions, with the market going as low as \$1.69% for May and \$1.60 for July. At the rising to \$1.72% for May and \$1.63% for July.

Further frost expected tonight made corn and oats relatively stable as compared with wheat. After opening unchanged to 1% lower, corn prices underwent a moderate general sag and then recovered shout all the decline.
