### WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was a nervous wreck. I would wake up regularly mornings feeling that some terribe calamity would take place. Althou he were confortably off. I felt sure my hasbant was

### APPALLING RECORD **OF CARLESSNESS**

12,500 persons were killed and 300,000 Persons Injured in Automobile Accidents.

ational campaign against railroadsurance Department of the Pennsylvania Railroad System show that in June, July and August, of this year, such casualities increased 30 per cent,

The period covered embraces the "the highway to the s" you should take Peps ful Crossing Campaign," in which railroads of the United States have joined During the hree months, on the Pennsylvania accidents, in which 71 persons were killed and 115 injured.

That this year's large increase i these casualties is chargeable almost entirely to growth in the reckless and inexperienced driving of automobiles, is shown by the fact that casualtie causes combined decreased.

injury to 107 others, or an average of ersonal casualties for each accid-Twelve of the acidents resulted in 39 deaths: four caused the death of

In two of the accidents, entire fan lives were sacrificed to pure reckless iliar with the lay-out of the railroad The responsibility of automobile

for the safety of riders in their cars is no less than that of locomotive enginemen for the safety of their train pas sengers. It is, therefore, impressive to note that as against the lives lost in road System during the entire year ended May 31, last. In that period no less than 1,400,000 passenger trains were operated and 152,000,000 passengers carried safely.

The chief reason for this striking are thoroughly trained in every detail of their work, and are required to de-monstrate knowledge and ability to operate trains safely before being en-

trusted with their handling.
On the other hand analysis of the causes of crossing accidents show that the vast majority of motor cas-valties at railroad highway crossings are attributable to a comparatively small percentage of inexperienced and irresponsible automobile drivers who have neither the knowledge training or judgement required for the safe operation of such machines. The result is often failure to exercise even the most ordinary precautions necessity. ary for the protection of life when a-

not confined to highway ents caused by driving automobiles in to telegraph poles, or stonewalls and by skidding, sideswiping, turning over and colliding. From the running chronicle of death and injury, the conclusion would seem warranted that what is needed at the present time is not merely a Careful Crossing Campaig to concentrate attention on crossin accidents alone but a national camppaign carefuly planned and directe against all forms of careless automo

GREAT BRITAIN'S STAND HAS SAVED EUROPE FROM WAR

Toronto, Oct. 16-Henry A. Morgenthau, former United States Am-bassador to Turkey addressing the Canadian Club here today on "Conditions in the Near East," said, with re-

"I say that we Americans must feel "I say that we Americans must reel ashamed that we did not accept the mandate for Turkey when it was of-fered to us. If we had done so, the present crisis would never have arisen.

Great Britain's stand had save Europe from war, Mr. Morgenthau as-serted. "If Britain had given way, and lost prestige, the peace of Europe wouldn't last thirty days." He spoke slightingly of the Greek army, the weakness of which gave the Turks their success, not the Turks own prow-ess and he said the Greek army was commanded by a man who was taken from a lunatic asylum.

then go m million do Smith str PROHIBITION. Statistics which are divulged from time to time threaten to leave the cause purpoperate of prohibition with very see them

opponents of prohibition with very see then little ammunition. A provincial paper points out that while there were al 4.247 convictions for drunkenness in educated Toronto in 1914 there were only 4,727 in 1921. Statements that prohibition has increased the use of drugs are frequently made, but the evidence on this point is not forthcoming. A need of this point is not forthcoming. A need of western paper points out that while there were 835 convictions in Canada under the Opium and Narcotic Drug Act last year, 552 were reported in the two "wet" provinces, British Columbia and Quebec, leaving only 183 for the rest of Canada. Of 237 drug cases reported in Quebec, all but 21 were in the city of Montreal, the wettest place in Canada.

asweeping able to any degree of accuracy—figures showing the condition in this respect in ario," (Campbellton. Drunks are not very frequently seen on the streets for the simple reason that the soaks have planne test place in Canada. simple reason that the soaks have learned that it is too expensive. There is always one big hand ready to class about the offender's wrist while the other wanders to the irregularity on his hip. Nevertheless there is an Nevertheless there is an his hip. Nevertheless there is all that I alarming quantity of liquor absorbed in this vicinity. It is a wonder that the first other places can get any at all.

There is no doubt but what prohib ition has done considerable good in one way but again in another the present system is indirectly assisting the scruff of the earth (bootleggers and other reptiles) to amass fortunes from the illegal traffic which is being carried on. From this standpoint the carried on. From this standpoint the present system is a deplorable farce. It should be remembered however that the present system is not prohibition. It apparently is merely the combined methods of a host of grafters who are making an apparently inke out of making an unpardonable joke out of a really feasible prohibitory law.

A NEEDLESS LOSS. A NEEDLESS LOSS.

Mr. J. Grove Smith, Dominion Fire loc Commissioner, addressing the Ottawa disbranch of the Engineering Institute of but that Canada's fire loss in 1921, not intact Canada's fire loss in 1921, not including forest fires, was \$45,000,000 or a \$5.25 for each inhabitant. This sum, are declared, is at least ten times you greater than that in any other country except the United States and he twent on to explain that "the total expenditure incurred was \$130,000,000' px paid out of the pockets of the people." in Commenting on Mr. Smith's strikting address the Ottawa Citizen retimes prone to mistake bigness for highest greatness and take pride in mere a magnitude, whether in connection with a wealth, distances, areas or bulk. This

wealth, distances, areas or bulk. This is one example of magnitude that gought to produce a feeling the direct opposite of pride." And further:
