THE CONDITION OF MANITOBA.

What a Torente Capitalist Thinks of the Country.

From the Winnipeg Sun, July 28.

The party of Toronto capitalists whose arrival here was announced last week, arrived in the city last night from a trip through the western part of the province. The party consists of Messrs. G. Gooderham, W. S. Lee, W. H. Beatty, G. W. Gooderham and H. W. Beatty.

Mr. G. Gooderham, in expressing his on might, and cold baths on each floor. Electric bells in rooms. Fire escape in each bed-room. Prices graduated.

ppinion to a reporter, said the great mistake that had been mode here was that the towns instead of the country pushing them ahead, they had been endeavoring to drive the country ahead. Driving over the country instead of the country pushing them about, they had been endeavoring to drive the country ahead. Driving over the country he observed the necessity of having elevators established at all points along the line.

"One great drawback to this city and country," said Mr. Gooderham, "is the high rents. They must come down at least 50 per cent yet. Rents here are almost three times what they are in Toronto, and until they are reduced the progress of the city will be retarded.
"Sneaking of theirecent action of the banks,

and until they are reduced the progress of the city will be retarded. "Speaking of theirecent action of the banks, I am not inclined to condemn it as many people do. I believe the banks have been too liberal. They have been launching out money for speculating purposes. The result is that they cannot afford to discount paper and extend the same amount of accommodation as they ought to do. There is no doubt that the merchants have been indiscreet in their sales, but goods were forced upon them by the wholesale people of Ontario and Quebec. I must tell you that our inquiries into the state of business. of Ontario and Quebec. I must tell you that our inquiries into the state of business here have been very satisfactory indeed. Business is all right, the country is perfect, and abundance of capital can be obtained for legitimate purposes. Everything seems to be working in the proper direction, and I believe inside of a year Winnipeg will be in a better position than ever before. All that is required is patient confidence."

Last night a musical festival was given at the Adelaide street rink. The proceeds will be devoted to the hospital for sick children on the Island. Mayor Boswell presided and in a few opening remarks regretted that the spacious rink was not filled ring a cellar under the Copland brewery on Parliament street must be in by to day, worthy of the appreciation of the public. worthy of the appreciation of the public. A long and well-appointed program was effectively carried out. The opening choius, Onward Christian Soldiers, was

sung by the children of the orphans' home, whose sweet voices testified to careful whose sweet voices testined to careful training by those who were in authority at the home. Though the singing throughout was splendid yet especial mention might be made of the following: Mr. Wm. Redbe made of the following: Mr. Will. Leas'one was deservedly encored for his song,
The Sailor's Grave. Miss Osmond's song,
I'll Be True to Thee, was re-demanded.
Miss Scott was excellent in her two songs.
In response to an encore for The Better
Land Mrs. Bradley gave Terence's Farewell to Kathleen. The mayor at the end of the first part called upon Rev. C. O. Johnston to give his address on Lessons from a Lost Life. The reverend gentleman said that the fact of the pulse ceasing to beat was not what constituted his meaning as to a lost life. His

A NOTED BUT UNTITLED WOMAN,

The above is a good likeness of Mrs. Lydia E. Pini sum, of Lynn, Mass., who above all other human being may be trushfully called the "Dear Friend of Woman,"

may be trushfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is sealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or Joy at release from it. Her Vegetable Compound is a medicine for good and not swil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhoes, irregular and painful Menstruation, all Ovarian Troubles, Infianmation and Cliestation, Elocdings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

sequent spinal weakness, and is especially adapted to the Change of Life."
It permeates every portion of the system, and gives new life and vigor. It removes faintness, fatulency, destroys all eraving for stimular and the system and aches, ness of the stomach. It cures the system and aches, ness of the stomach. It cures the system and indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all efreunstances, act in harmony with the law that governs the female system.

It costs only \$1. per bottle or six for \$5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kiney Complaint of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.
