Elated with his victory over G. W. Lee, the backers of Henry Peterson of San Francisco have made overtures for a match.

Francisco have made overtures for a match for \$1000 a side with G. H. Hosmer, to be rowed at 'Frisco. The latter says he will row Peterson, provided the match does not conflict with his engagement with Hamm, and the Pacific-coasters allowed him \$500 to cover expenses of himself and assistant; the winner of the race to get two-thirds and the loser one-third of all commissions from steamboats, railroads, etc. James Keenan of Boston says he will back Hos-

mer in such a match. Myers' Status as an Amateur.

There was a large crowd at the Knickerbocker cottage, in Sixth avenue, New York, on Tuesday night, when the case of L. E. Myers came up for investigation before Messrs. Edwards, Curtis and Van Tambacht. Quite a small army of witnesses were called, but the most damaging festimony was given by William McEwen, late secretary of the Manhattan athletic club, who said he did not consider Myers an amateur, as he had pawned many of his medals and trophise pawned many of his medals and trophies.
The quarrel in England turned out to be a little tiff between Harry Pike and Myers as to some little expenses. It was stated that at the last meeting of the Williamsburgh athletic club Myers was given a \$20 gold piece instead of a prize, and that he bought a present for a friend.

Trinity College C. C.

The annual general meeting of the University of Trinity college cricket club was held in the college hall on Wednesday last with the vice-president in the chair. After the minutes of the last meeting had been read and adopted the secretary read the report and resignations of the outgoing committee, to whom a vote of thanks was tendered. The election of officers resulted as follows: President, the Dean; 1st vice-president, Rev. Prof. Boys; 2d do. Mr. D. W. Saunders; secretary, W. W. Jones; treasurer, A. J. Fidler; committee, T. H. Broughall, E. C. Cayley and A. C. Allan. Mr. C. Scadding, who has been secretary of the club for the last two years, found it necessary to resign all official connection with the club, which necessity was deeply deplored by all, as he has filled his office with the utmost shillity during his tenur. with the utmost ability during his tenure.

Neveral graduates and Trinity medical
men were present, also Mr. D. W. Saunders, who has joined the law school and
will be a valuable addition to the team. After speeches by the gentlemen who had been elected to offices in the club and some valuable advice by the ex-secretary, the meeting adjourned amid enthusiastic

Concerning the scullers' race for \$800 and "gate," rowed at San Francisco, Cal., March 16, by Henry Peterson and George W. Lee, the Alta-Californian gives the account which is presented below. Lee was a strong favorite, odds of 100 to 50 being in some instances given by his back-ters, and if the race was rowed on its marits. Peterson and Lee. being in some restances given by his back-ers, and if the race was rowed on its merits he must have been greatly lacking in conhe must have been greatly lacking in condition, for otherwise he could not have been beaten in the time accomplished:

Shortly before 5 o'clock Referee C. G. Yale gave the word. Both took the water at the same instant, but Peterson buried his blades deep, while Lee nearly rowed will do away with that tired feeling, and his blades deep, while Lee nearly rowed dry on his first stroke. Recovering himself he started away on a long, steady 28-to-the-minute stroke, with Peterson half a length to the good. Then the young fellow oracked on the pace for the eastern man. His stroke was not as long as Lee's, nor was it finished in style and execution, but he pounded away at a 31-stroke that kept his boat moving like a flash. Lee increased to 29, but Peterson raised to 22, and kept orawling away until at the end of a hundred yards he was a boat's length in the lead. When the distance traversed was a hundred fathems he

need no longer trouble you. The use of Ayer's Cherry Pectoral before retiring will soothe the cough to quiet, allay the inflammation, and allow the needed repose. It will, moreover, speedily heal the pulmonary organs, and give you health. A singular instance of kleptomania was brought before the criminal court in Paris the other day. An Englishman and his wife, the former aged 67 and the latter 63, were arrested for stealing some objects of trifling value at the Magasias du Louvre.

A HOME DRUGGIST

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:— PAFEUMATISM. had all attack of the were that I could not move from the bed, or dress, without help. I tried several remedies without help. I tried several remedies without hush if any relief, until I took AYER'S ARBAPARILLA, by the use of two bottles of which I was completely cured. Have sold large quantities of your SarbaParilla, and it still retains its wonderful popularity. The many notable cures it has effected in this yieinity convince me that it is the best blood medicine ever offered to the public.
