HYMNICAL.

On Wednesday morning last, the residence of Mr. and Mrs. Hamilton Young was the scene of an unusually interesting event, the occasion being the marriage of their daughter, Miss Belle, to Thomas Ansel Elliott. The ceremony took place on the lawn in a pretty alcove of evergreens arranged for the occasion. The groom was supported by his brother, Mr. Joseph H. Elliott, of the Baltimore Medical School. The bride was escorted by her cousin, Miss Lizzie Marshall of Bridgetown, attired in white organdy trimmed with lace and ribbons, and her cousin, Miss Lizzie Marshall of Bridgetown, attired in white organdy over pink, trimmed in a similar manner. They wore picture hats and carried flowers. The flower girls were Marion and Muriel Schaffer, niece of the bride, and Miss Lizzie Marshall of Bridgetown, cousin of the bride. Matron Steeves, Gladys Jackson and Fanny Ruggles.

The wedding march from Lohengrin was conducted by Miss Nellie Longley as the bride approached the marriage altar on the arm of her father. The ceremony was performed by Rev. E. L. Steeves. The bride looked charmingly radiant in cream English crepe, and her train, trimmed with ribbons, chiffon and lace. Her veil was caught up by natural flowers. She carried a bouquet of bridal roses, carnations and maiden hair fern. Her travelling suit was of lavender grey crepe, trimmed with silk hat to match. The ushers were Councillor Frank Elliott, brother of the groom, and Dr. F. W. Young, brother of the bride. As the guests departed, each was presented with a piece of bridal cake by Miss Lizzie Elliott, sister of the groom. The happy pair were conveyed to the depot in a carriage decorated profusely with white ribbons, flowers, and drawn by white horses. They left by the noon express for Yarmouth on Wednesday morning. They will spend two weeks. Their departure was witnessed by showers of rice, which old boys were lacking. Mr. Elliott has a lucrative position with the Eastern Steamship Co., but expects to purchase a farm in this county in the near future. Miss Young's popularity in social circles and usefulness in church and other public work, was attested by the good wishes of all. The beautiful presents given, and the regret at her departure. Their many friends will be pleased to hear that Mr. and Mrs. Elliott expect to permanently reside in the vicinity. The groom's present to the bride was a cheque for \$250. His presents to the bridesmaids were gold brooches set with opals. Her father's present was a cheque for \$100.

John Longmead, took place at the home of the bride's parents, in Lawrencetown, on Wednesday, the 15th. The marriage took place at 12:30 o'clock, in the parlor, which had been handsomely decorated for the occasion. The bride, wearing a pretty suit of blue vesture cloth, with gloves to match, and carrying a bouquet of white roses, was escorted under an arch of evergreen with a background of potted plants, by her father, while the wedding march was played by Miss Minnie Dodge of Bridgetown. Rev. Jas. Gaetz performed the ceremony. The bride was attended by her sister, Miss Bessie, who wore white organdy, and carried pink roses while the groom was supported by his brother, Mr. Bert Longmead. CANNO STRAIT TO BE BRIDGED. Sydney, June 20.—The bridging of the Strait of Canno, between Cape Breton and the mainland of Nova Scotia, has now become an assured fact. The undertaking will be an immense one, involving great engineering difficulties and an outlay of about \$5,000,000. J. A. Waddell of Waddell and Heidrick, consulting engineers, Kansas City, who is now in town, has been engaged to oversee the work. Waddell is a Canadian and a graduate of McGill and has been knighted by the Emperor of Japan when he was at one time professor of civil engineering in the university of Japan. Waddell states that the bridge would be a cantilever with a span of 1,800 feet, the longest in the world, and have a height of 58 feet clear from high-water. The bridge will span the Strait between Cape Breton and Cape Porsuque on the Nova Scotia shore, a distance of 1,800 feet. Two immense piers will be sunk near other shores in about ninety feet of water. If built it will be one of the finest bridges in the world. Its construction will remove all delays and inconveniences now experienced in crossing the strait.

DR. TROTTER ON COLLEGE FEDERATION. St. John, June 20.—Rev. Dr. Trotter, president of Acadia University, Wolfville, arrived here today from Toronto. Speaking of the King's-Dalhousie amalgamation, he said that it is improbable the movement will proceed any further and include other Maritime Provincial educational institutions, if, indeed, it carries in this case. The Acadia people have been asked to appoint a committee to consider amalgamation, but there seems to be no sign of a union. The convention of Baptists in Yarmouth in August will deal with the committee matter.

HOW OUR SUNDAY SCHOOL LESSONS ARE SELECTED.

The International Sunday School Convention to be held at Denver, Colo., June 26th to July 1st, is of deep interest to the whole religious world. The Sunday School Times says: "No political convention ever held exerts such an influence upon the deepest life of this and other nations as the International S. S. Convention. It is the central human power-house for the supreme agency of the church for the shaping and training of character." This convention meets every three years. Its purpose is to introduce the best normal work into all the Sunday schools of the world so far as it can reach. Its motto is "Organization for Evangelization." Its executive committee is composed of one active S. S. worker from each state of the U. S., and province of Canada. It appoints a lesson committee every six years to select the S. S. lessons and Golden Texts. It employs specialists to travel over the country and educate the people in the best methods and introduce any new plan that has been found helpful. By the organization of provincial, county and district associations it is able to reach and help every S. S. and every S. S. worker who is willing to be helped. It has introduced a uniform lesson, blackboards, grading in the S. S., (General Departments and white ribbon armies. The first lesson committee was appointed at the S. S. Convention in London, April 1872, and was composed of six clergymen and six laymen, one of each from Canada and two corresponding members in London, Eng. This committee selected the lessons for the year 1872-73 and were required to select the whole bible in seven years devoting six months alternately to the Old Testament and the New. The fifth lesson committee was appointed at the Boston convention of June 1896 and composed of fifteen members, six corresponding members in London and two in Australia. The fifteen members are chosen from the nine largest Christian denominations in the United States and Canada, four from each denomination and one from each of the following: Baptists, Methodists, and Presbyterians each have three; Episcopalians, Congregationalists, Christians and Disciples, Reform and United Brethren one each.

This committee has selected the lessons for the six years 1900-03 and the Denver convention will appoint a new committee for the succeeding six years. The committee appointed in 1896 first met in Philadelphia in 1901 to make a plan for the six years. Publishers were present and met with the committee and discussed details in regard to the lessons. After deciding upon the general plan the committee met again to select the lessons for 1901. It was decided to make biographically a prominent feature so eight months were devoted to the life of Christ. A sub-committee was then chosen to select two sub-committees, who the lessons are in both Old and New Testaments to select the individual lessons, titles and golden texts. These are carefully examined by each member of the committee at home and abroad and comments and corrections are made. The revised lessons are then sent to biblical scholars and teachers of the several denominations in various parts of the world and citizens invited. These returned, with comments and criticisms are finally passed upon by the committee, then sent to publishers and lesson writers in ample time to prepare quarterlies etc. Millions of these are used and translated into several languages. The lessons for 1903 were sent out several months ago. Dr. John Potts of Toronto, chairman and Dr. A. E. Dunning of Boston, secretary.

COL. LYNCH'S CASE.

London, June 18.—In the Bow street police court, after the Solicitor-General had opened the proceedings against Col. Lynch, charged with high treason, the Hon. Chas. Russell (son of the late Lord Chief Justice) in behalf of the defendant, said that Lynch had framed the proceedings as a man. What he had done he had done openly and he desired to facilitate the inquiry as much as possible. After the police had furnished evidence of the prisoner's arrest, during the course of which Detective Inspector Walsh testified to finding in Col. Lynch's pocket a visiting card of Hamilton Holt, "introducing Col. Lynch of the Bow Army, to three American, A. S. Harty, U. S. Minister at Bern, Switzerland; H. W. Bowen, U. S. Minister to Tahan (now minister to Venezuela) and Prof. Richardson, of the American school at Athens" and some testimony had been presented regarding Col. PETITION OF RIGHT. Gtawa, June 20.—A petition of right has been granted by the court to the Dominion Iron and Steel Co. for a trial before the exchequer court of a difference which has arisen between the company and the Dominion Iron and Steel Co. The question concerns a payment of \$100,000 in bounty in the shape of a Dominion Iron and Steel charge of bounty payments, agreed to this account, but payment was stopped by the auditor-general on the ground that the bounty should be calculated on the gold and not on the hot iron. The auditor-general will be represented by special counsel. W. B. Ross of Halifax has been in Ottawa several days of late in connection with this matter.

It's all right! What's all right? Empire Lintment is All Right. Read what Mrs. Wile, of Lunenburg Co., says concerning Empire Lintment. Empire Lintment Mfg. Co., Dear Sirs—I have used your Empire Lintment for several years and I can tell you it is the best I have ever used. I had a catarrh of the worst kind and your lintment removed it. I also had a severe case of corns and pains of the soles of my feet (which kept me from going about) and I have been cured by your lintment. I have also used it for several other ailments and have been benefited as I have been, and I can truthfully say that there is no lintment on earth like the Empire Lintment.

The Canadian Pacific railway has given the Dominion Iron and Steel Co. its iron properties at Kitchener, Crow Nest Pass, from the United States Steel Co. The British Columbia Gold Fields Company, which worked it for copper, has there it up because it could not find copper on it. The property is now worth a big fortune for its iron.

Canada's Valor Again Rewarded. London, June 19.—The official gazette tonight publishes a long despatch from Lord Roberts, a continuation of the field dispatches written when he was in command in South Africa. Appended to it is a long list of those singled for distinguished merit.

Lord Roberts wishes to record the fact that in April 1900, Queen Victoria entrusted him with four medals, worked by herself, which she desired to be distributed to four distinguished private soldiers of the colonial contingents of Canada, Australia, New Zealand and New South Wales. The selection was left to the colonial officer commanding the contingent. The Canadian scout rose to private, now Lieutenant Richard Rowland Thompson, of the Royal Canadian Regiment, for personal gallantry in the field.

The republican members of the Senate Committee on Cuban relations, Friday agreed to the nomination of Spooner Bill, providing for reciprocity with Cuba, and decided to call for a conference of Republican senators to consider the terms.
