PAINS SO BAD STAYED IN BED

Young Mrs. Beecroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. EMILY BEECROFT, 269 Victoria Ave., N., Hamilton, Ontario.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

This is practically a new market though shipments had been made there some years ago. Philip Shore states that his company hopes to be able to continue the movement of lumber to Mexico. Cuban ports have in the past been the destinations of almost all shipments from Tampa. The Cuban markets went to pieces several months ago and is very poor now, though it is said to be showing some improvement.
