Assessment Question

Discussed by A. L. Davison and Patriot.

To the Editor of the Sentinel—

"Elector's" latest contribution to the Monitor in defence of the absurdly inadequate assessment of favored classes in this county, consists of a very disingenuous attempt to have conclusions upon imaginary premises.

He says that if the houses of the Davison Lumber Company are occupied by yearly tenants they should not be assessed to the owners. It would be quite as relevant to assert that if these houses were used as places of public worship they would be exempt from assessment altogether.

It evidently would afford "Elector" great satisfaction to see the hard work of employees of the company, who happen to be in temporary occupation of the taxation upon these houses so long as the wealthy corporation of foreigners might escape this quite in harmony with his creed and the universal practice in this county that the working man shall pay the taxes for himself and his wealthy neighbor as well. It is no objection to his theory, in "Elector's" eye that he has not the slightest reason for supposing these men to be yearly tenants and consequently liable to assessment.

ARRESTED A 2 YEAR OLD BOY.

Pittsburg, Pa.—George Shaffer, 2 years old, was arrested on a warrant and charged with trespassing. A neighbor swore that George tore up his lawn and flower beds. But the Court declined to hear the case. The little son of Mrs. John Clipse of Aylmer, Ont., was only a year older than baby Shaffer when his mother noticed that he suffered with severe attacks of Biliousness. She tried everything she could think of, but the boy grew steadily worse. "I cannot praise Fruit-a-tives too highly," writes Mrs. Clipse. "I have tried so many different kinds of medicine for my son. He has had bilious attacks ever since he was three years old, and since he began to take 'Fruit-a-tives' he has been so well." "Fruit-a-tives" are the ideal medicine for children, as well as grown folk. They are pleasant to take and mild in action—being made of fruit juices and tonics, etc. a box. At all dealers.

public sentiment forced his friends to abandon, "Elector's" taunt is nothing less than cruel.

Under the modest appellation of "Patriot," another correspondent to the Monitor exhibits his patriotism by also defending this discrimination in favor of a corporation of foreigners at the expense of the people of this county.

Permit me to call a sample pearl from this writer's casket of rhetorical jewels—

"In scriptural times, David we are told, became enamored with the wife of one Uriah and in order to get rid of Uriah, he (David) thrust him in front of the battle where he soon got killed and David flirted with the widow all undisturbed. It cannot be that Mr. Davidson in this imaginative warfare that he is waging in this letter is trying to get Mr. Daniels, Mr. Pickup and Mr. Clarke in the front of the battle and get if he could succeed in getting them vanquished how quickly would he be found nesting in the bosom of his beloved party all oblivious we fear to the ills which infest society."

The only weak thing about this passage is its application. If it is to be taken figuratively then I suppose I am compared to David, Messrs. Daniels, Pickup and Clarke to Uriah, and the Conservative party to Uriah's wife.

Manifestly it would require a bold flight of imagination to picture the Conservative party wedded to either Mr. Daniels, Mr. Pickup or Mr. Clarke. However, any such unholy alliance does exist, while I would not recommend murder, in the interests of that party I certainly would advise that immediate steps be taken to procure a divorce.

If it is the intention of "Patriot" to impute to me the heinous sin of David, or to infer that I am in the relationships of my neighbors, I wish in the most emphatic manner to deny the charge. What it may be said in palliation of David's crime that unlike some modern imitators, he at least gave poor Uriah a chance for his life. I have no ambition to follow the Patriotic into any such shady transaction. So far as I know no man ever
