

THE CADETS' TRUMPET.

by ye senior editor. *K. N. Pepper*—we gladly welcome you to our column.

We are "dead broke" on the question of prizes. After racking our brains in vain for 3 months in hopes of finding some thing at once, suitable and *cheap*, we have had to give it up or refer to the Fifteen Puzzle. However, if any of our contributors will offer prizes with their contributions, we will most gladly publish the fact. Try hard and see who will come first on the roll of honor.

Yours in T. V. & T.

Q. P. S.—Next month I will change my *nom de plume*.

CORRESPONDENCE.

Windsor, April 21st, 1880.

DEAR MR. EDITOR:—In your last issue you gave what the girls, in the different towns in Hants County were noted for. I send you what I think are the respective abilities of each. Windsor, the most *loveable*. Ellershouse, the most *peaceable*. Brooklyn, the most *impenetrable*. Hantsport, the most *kissable*. Avondale, the most *huggable*. Falmouth, the most *laughable*. Three Mile Plains, (colored) the most *disagreeable*. Gentle reader which of these *ables* do you prefer.

Yours &c.,
NOBODY.
