

A NUMBER of young ladies are at work. We shall look with much interest for the result of their labours. Many of the premiums offered are peculiarly suited to reward the services of ladies; and we hope hundreds in various parts of the country, will take part in the good work of extending the circulation of a thoroughly reliable denominational paper. The Publisher is ready to send agents' outfits to all who ask for them.

CHRISTMAS AND HOLIDAY PRESENTS.—I have a choice selection of ladies' and gentlemen's gold and silver watches, guards and chains to suit, coloured and bright gold jewellery, and electro silver plated ware. A large assortment of such articles as are most suitable for presents, all of the finest finish and heavily plated, not made to special order to admit of any extra profit to the seller, but such as will reflect credit on the manufacturers and give satisfaction to the purchaser. W. WHARIN, 23 King street, West.

THE LAST CHANCE.—As "The Independent" of New York will withdraw all its premium offers Dec. 31st, 1879, only a short time remains in which any one can get a "Worcester's Unabridged Pictorial Quarto Dictionary" (retail price \$10) and three years' subscription to "The Independent" for \$9, the price of the subscription alone. "The Independent" claims to be the largest, ablest, and best religious newspaper in the world. It has bought the copyright of Rev. Joseph Cook's famous Boston Monday Lectures and is publishing one each week. To tell all of its good things would occupy too much space. See advertisement in this paper.

OUR contemporary, the Toronto PRESBYTERIAN, comes to us now under the able editorial management of Rev. William Inglis. We welcome him into the field of Presbyterian literature. He has long toiled in the borderland, and brings to his work experience, as well as talent of a high order. Any of our Maritime Provinces readers who can afford another valuable weekly paper would do well to patronize THE PRESBYTERIAN. A weekly religious paper should be found in every family. Its educative influence is immense and invaluable. We think, of course, that the "Witness" should have the preference; but there are some people (strange to tell!) who do not like the "Witness:" why should not they send for its Toronto brother? Then, there are some who can afford to take two papers.—Halifax Witness.

ELECTRICITY.—The great success which has attended the sale and use of Edison's Electric Absorbent Belts is due principally to the highly beneficial properties they possess for restoring health, namely: Electricity, Galvanism and Absorption, the three greatest agents of modern times for curing disease without the aid of medicine. Their use has been attended with great success, more particularly in the following diseases: Indigestion, Liver Complaint, Nervousness, Neuralgia, Sick Headache, Rheumatism, Fits, Bilious Fevers, and many other diseases arising from a sluggish state of the stomach and liver. A pamphlet containing numerous testimonials, also a full description of the action of the Belts can be obtained at any drug store, or will be sent free on application. There are three sizes manufactured, and are sold at \$1.50, \$1.75 and \$2 each. Parties wishing to purchase can obtain them of their druggist, or they will be postpaid on receipt of price, by applying to the agents for the Canada, G. C. BRIGGS & SONS, Hamilton, Ont.

Boys & Girls A GOLD WATCH! AND FINE BOOKS! ALL FOR NOTHING!

The publisher of a book called "Know Thyself," 12mo, 64 pages, cloth bound, 50 illustrations, written by Jane Taylor for Little Folks, telling them all about themselves, best ways to eat, sleep, sit, walk, dress, bathe; all about the hair, teeth, nails, and a thousand other things necessary to know to promote long life, health and happiness, has printed on the back page of this book, a Prize Rebus, which is pretty hard, it is true, but it is a fair one, and can be readily solved. The boys and girls who solve it by the 25th of December or before, will receive a handsome Gold Watch and books as New Year presents. The best written and expressed solution will get the watch. All others will receive handsome books such as usually sell for \$1.50. Send 24 cents (8 three-cent stamps will do) and get the book containing the rebus. Address R. W. SHOPPELL, Bible House, New York.

THE SUN FOR 1880.

The SUN will deal with the events of the year 1880 in its own fashion, now pretty well understood by everybody. From January 1 to December 31 it will be conducted as a newspaper, written in the English language and printed for the people.

As a newspaper, the SUN believes in getting all the news of the world promptly, and presenting it in the most intelligible shape—the shape that will enable its readers to keep well abreast of the age with the least unproductive expenditure of time. The greatest interest to the greatest number—that is the law controlling its daily make-up. It now has a circulation very much larger than that of any other American newspaper, and enjoys an income which it is at all times prepared to spend liberally for the benefit of its readers. People of all conditions of life and all ways of thinking buy and read the SUN; and they all derive satisfaction of some sort from its columns, for they keep on buying and reading it.

In its comments on men and affairs, the SUN believes that the only guide of policy should be common sense, inspired by genuine American principles and backed by honesty of purpose. For this reason it is, and will continue to be, absolutely independent of party, class, clique, organization, or interest. It is for all, but of none. It will continue to praise what is good and reprobate what is evil, taking care that its language is to the point and plain, beyond the possibility of being misunderstood. It is uninfluenced by motives that do not appear on the surface; it has no opinions to sell, save those which may be had by any purchaser for two cents. It hates injustice and rascality even more than it hates unnecessary words. It abhors frauds, pities fools, and deplores uncompoops of every species. It will continue throughout the year 1880 to chastise the first class, instruct the second, and discountenance the third. All honest men, with honest convictions, whether sound or mistaken, are its friends. And the SUN makes no bones of telling the truth to its friends and about its friends whenever occasion arises for plain speaking.

These are the principles upon which the SUN will be conducted during the year to come. The year 1880 will be one in which no patriotic American can afford to close his eyes to public affairs.

It is impossible to exaggerate the importance of the political events which it has in store, or the necessity of resolute vigilance on the part of every citizen who desires to preserve the Government that the founders gave us. The debates and acts of Congress, the utterances of the press, the exciting contests of the Republican and Democratic parties, now nearly equal in strength throughout the country, the varying drift of public sentiment, will all bear directly and effectively upon the twenty-fourth Presidential election, to be held in November. Four years ago next November, the will of the nation, as expressed at the polls, was thwarted by an abominable conspiracy, the promoters and beneficiaries of which still hold the offices they stole. Will the crime of 1876 be repeated in 1880? The past decade of years opened with a corrupt, extravagant and insolent Administration entrenched at Washington. The SUN did something toward dislodging the gang and breaking its power. The same men are now intruding to restore their leader and themselves to places from which they were driven by the indignation of the people. Will they succeed? The coming year will bring the answers to these momentous questions. The SUN will be on hand to chronicle the facts as they are developed, and to exhibit them clearly and fearlessly in their relations to expediency and right. Thus, with a habit of philosophical good humour in looking at the minor affairs of life, and in great things a steadfast purpose to maintain the rights of the people and the principles of the Constitution against all aggressors, the SUN is prepared to write a truthful, instructive, and at the same time entertaining history of 1880.

Our rates of subscription remain unchanged. For the DAILY SUN, a four-page sheet of twenty-eight columns, the price by mail, post-paid, is 55 cents a month, or \$6.50 a year; or, including the Sunday paper, an eight page paper of fifty-six columns, the price is 65 cents a month, or \$7.70 a year, postage paid.

The Sunday edition of the SUN is also furnished separately at \$1.20 a year, postage paid.

The price of the WEEKLY SUN, eight pages, fifty-six columns, is \$1 a year, postage paid. For clubs of ten sending \$10 we will send an extra copy free. Address,

GREAT SUCCESS.—enormous business been so large as it is at the present moment, now nearly a hundred thousand of my celebrated instruments have found their way to happy fireplaces in all parts of the civilized world. Upon the strength of this great success, our citizens have chosen me their Mayor, by the largest majority ever before cast. So great has been the demand for my world renowned instruments, (many of which I saw while traveling in Europe last year) I am compelled to erect the largest factory (that is being direct to the public) on Earth. Situated as it is on one of the finest locations in N. J., at Washington, Cor. Railroad Ave., and Beatty St., (Name of street changed to Beatty, by act of council in honor of the great enterprise,) and within one hundred yards of the Junction of four different rail-roads, leaving for all parts of the country. Some idea of this immense structure can be gained from the following viz. In its construction over three hundred tons of lumber were required, thirty tons of slate were used in its roofing. It contains nearly four hundred widows an Engine of sixty horse power, drives over \$9,000 worth of the finest wood working machinery. The above cut gives but a faint description of this mammoth building. Labor and Material is Advancing, if you ever intend to buy an instrument, Now is your Opportunity.
