## BRITISH DOMINION WINE.

Manufactured from the Best Canada Grapes without the use of either artificial coloring or distilled spirits in any form.

After repeated chemical analyses of the Wines made by Robert Bradford of No. 535 Parliament St., Toronto, I do not hesitate to pronounce them to be unsurpassed by any of the native Wines that have come under my observation.

Analyses show them to contain liberal amounts of the ethereal and saline elements, sugar and tannic acid etc., characteristic of true Wine and which modify materially the effects which would be produced by alcohol alone.

Retaining to a high degree the natural flavor of the grape, they serve the purpose of a pleasant table Wine as well as that of a most valuable medicinal Wine.

## DO YOU WANT . . .

To invest a small sum every month where it will be safe and yield you in eight years

### \$500 OR \$1000

Or more, according to amount saved per month. It is the DOLLARS SAVED, not those EARNED which measure the degree of our future wealth and prosperity.

## CAN YOU AFFORD TO SAVE

2 Cents a day for 8 years and get \$100 ?  
10 Cents a day for 8 years and get \$500 ?  
20 Cents a day for 8 years and get \$1000 ?  
You can if you will.

So long as the masses of the people do not save any thing out of their earnings, just so long will their SPENDINGS go into the hands of those who do save, and THEY are the capitalists. This is why the few who own the money and the many pay the rent do you wish to remain one of the "masses," or do you wish to become a capitalist?

### HEALTH AND HOUSEHOLD HINTS.

There are only two ways in which you can improve your health, although thousands of suggestions and remedies are offered—be careful of your diet and sleep well.

Use warm rain-water for bathing. Eat in moderation, avoiding indigestible food and strong tea and coffee. Get as much out-door exercise as possible when weather permits.

Baked Bananas.—Peel the banana and lay it in half the skin, rejecting the other half. Over each banana sprinkle a tablespoonful of sugar, and bake in a quick oven about twenty minutes.

The value of butter milk is steadily growing in appreciation. A medical writer claims its use will sometimes cure the craving for alcohol, and that it has seemed to effect a cure in cases of Bright's disease.

Do not wear the same stockings on two successive days, but keep two pairs going alternately, hanging each to dry and air when not in use. Every night bathe the feet in tepid water and rub hard with a coarse towel.

The next time you get a speck of dust or metal in your eye just shut it and keep it shut for over a minute. Nature will then come to your relief, and there will be enough tear-like moisture to get rid of the obstruction, which will be found in one of the corners when the eye is finally opened.

Rice Cakes.—Dissolve a cup of cold boiled rice in a little milk, pour this into a pint of flour, add two well-beaten eggs, a teaspoonful of salt, a tablespoonful of melted butter or nice drippings, and enough milk to make a thin batter. Beat all well together and bake in muffin rings on a hot griddle.

Instead of throwing away tin cans when emptied of their contents, save them. Melt off the tops and bottoms, paste stout cloth over the bottoms, fill the cans with well prepared soil, and plant in each one, two or three seeds, and set them in a sunny window. Transplant all the surplus growth and set the can, without disturbing the central plant, into the garden bed, first cutting open the cloth-bottom. The growth of the plant is not checked by transplanting, and is protected from cut worms.

Cornstarch Blanc Mange.—Into a quart of boiling milk stir four tablespoonfuls of cornstarch wet in a little cold water, add a salt-spoonful of salt, and set it into a kettle of boiling water, and boil five minutes, then add the yolks of three eggs well beaten, with a cup of sugar; boil two minutes longer, stirring constantly, and remove from the fire; then stir in the whites of the eggs beaten to a foam; add vanilla or other flavoring to taste. Wet the mold with cold water, pour the mixture into it, and set in a cool place. Serve with sweetened cream.

Before closing the city house for the warm season, a thorough ventilation should take place, so thorough that good air may penetrate to the darkest recesses. Corners should be left as clean as centres, plumbing as carefully scrubbed as though occupancy were to continue, and every room left with ventilation of outside air through the whole season. The kitchen and cellar should be especially cleaned and renovated, and let it be said right here that to clean a cellar is not merely to sweep the floor clean and pack rubbish away under the stairs. It means to unearth every nook and corner, lift every box and board, wash out and off old dust-covered bottles and various utensils if they are to be kept (better still to throw away everything not expected to be needed in a reasonable length of time), and the whole place to be whitewashed with good lime. This sends a sweet, clean air through the house, and is a better beginning than doing up the parlor curtains or having the furniture shrouded in linen. The back yards should be freed of old plants and rubbish. Don't throw old pieces of carpet and oil cloth out in the court that not you, but your less fortunate neighbors, have got to look at all summer. This cleaning and clearing are better done at the closing than at the opening of the housekeeping year, if only one scouring is permitted. It is a selfish policy which reasons that as there must be an autumn cleaning, the spring renovation may be slighted, since it will have to be done again. There is a menace to health in a house closed up and left with all the winter's effluvia and dust-generating microbes by the heat of the summer's sun.

JAMES E. LESLIE, Richmond street, Toronto, writes:—"It affords me great pleasure to attest to the benefit I derived from your Guaranteed Acetic Acid in a case of Pleurisy. It was decidedly effectual; nothing more need be said. I have also recommended the Acid Curo system of treatment to many of my friends and in no case has it failed. You are at liberty to give this certificate publication."

## THE WEEK

A JOURNAL FOR MEN AND WOMEN.

Is published every Friday at 5 Jordan Street, Toronto.

## THE WEEK

Is an independent weekly review of Politics, Literature, Art, and Science, with serial comment on the most important Canadian, English, and foreign events of the week. Not to read THE WEEK'S special and occasional correspondence, editorial and miscellaneous articles on prominent political and social topics is to miss some of the best things in Canadian journalism. Its contributors represent all parts of the Dominion.

## THE WEEK

Has been pronounced by a leading American journal to be one of the ablest papers on the Continent. It has a good and widely distributed circulation in all the Canadian Provinces, in England, and in the United States.

## THE WEEK

Has ever aimed to promote independence in public life, and honesty and integrity in our legislature.

Subscription, \$3 per annum. Sample copy free on application.

## THE WEEK

### AND ITS ADVERTISERS

The number of copies printed of THE WEEK represents but a small portion of the readers of the journal. The Public Libraries, Clubs, and Reading Rooms of Canada all have it on their tables. It enters the homes of the intelligent and the well-to-do. It stands alone in Canada. THE WEEK has no competitor. Prominent Banks and financial houses and other high class advertisers of all kinds use its columns constantly.
