# CATARRH!

A NEW HOME TREATMENT

FOR THE CURE OF

## CATARRH, CATARRHAL DEAFNESS AND HAY FEVER.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists Tyndall, Huxley and Beale endorse this, and these authorities cannot be disputed. The regular method of treating these diseases has been to apply an irritant remedy weekly and even daily—thus keeping the delicate lining membrane in a constant state of irritation, allowing it no chance to heal, and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by any application made oftener than once in two weeks, for the membrane must get a chance to heal before an application is repeated. It is now seven years since Mr. Dixon discovered the parasite in Catarrh, and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken; cures effected by him seven years ago ARE CURES STILL, there having been no return of the disease.

So highly are these remedies valued that ignorant imitators have started up everywhere, pretending to destroy a parasite of which they know nothing by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases.

Mr. Dixon sends a pamphlet describing his new treatment on receipt of stamp to pay postage. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—*Christian Standard*.

*What the Rev. E. B. Stevenson, B.A., a Clergyman of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's New Treatment for Catarrh.*

OAKLAND, ONT., CAN., March 17, 1883.

MESSRS. A. H. DIXON & SON:

DEAR SIRS,—Yours of the 13th instant to hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am. I have had no return of the disease, and never felt better in my life. I have tried so many things for Catarrh, suffered so much and for so many years, that it is hard for me to realize that I am really better. I consider that mine

was a very bad case; it was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but I feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you. You are at liberty to use this letter stating that I have been CURED AT TWO TREATMENTS, and I shall gladly recommend your remedy to some of my friends who are sufferers. Yours, with many thanks,

(REV.) E. B. STEVENSON,

TWO YEARS LATER.

HANNON, Dec. 19th, 1886.

The cure effected in my case (as above) now nearly four years ago, has proved to be permanent, for I have had no symptoms of Catarrh ever since. My address, which is now changed, I give below in full.

(REV.) E. B. STEVENSON,

Hannon, Wentworth Co., Ont.

### ANOTHER CLERGYMAN SAYS:

RITCEY'S COVE, N.S., June 22nd, 1885.  
GENTLEMEN,—I am happy to say that the treatment which you sent me last February has effectually cured me of Catarrh. Mine was a case of long standing, and up to the present time I have been waiting for developing remains of Catarrh, but none are manifest. You may use my name as a proof that your remedy cures Catarrh. I feel grateful for the removal of such a trouble. Yours, etc.,

(REV.) G. O. HUESTIS,

SIX MONTHS LATER.

RITCEY'S COVE, N.S., Dec. 9, 1885.

The cure effected by your New Treatment sent to me nearly a year ago has proved permanent, for I am still free from the disease.

(REV.) G. O. HUESTIS,

Ritcey's Cove, N.S.

TWO YEARS LATER.

MILL VILLAGE, QUEEN'S CO., N.S.,  
Dec. 23rd, 1887.

GENTLEMEN,—Allow me to say that after three years' trial I find no unpleasant odor in the nose, or fetid breath, which used to affect others in my company. No symptoms of Catarrh remained after the second application of your remedy. Wishing you success in doing good, I remain,

Yours sincerely,

(REV.) G. O. HUESTIS

We send a Pamphlet Describing this New Treatment on receipt of Postage Stamp.
