

TEABERRY FOR THE TEETH

This standard Canadian Dentifrice has given unvarying satisfaction for years as a cleansing and antiseptic agent in the care of the teeth. Possessing the delicate aroma of the Teaberry leaf, it leaves the mouth refreshed and thoroughly sweetened after use; after a short time—with its aid—the gums become hard, well colored and healthy, and the teeth glistening and white to the gums. It is especially recommended for children's use—Harmless and efficient.

At all druggists, 25c.

LADIES to do piecework at their homes. We furnish all material and pay from \$7 to \$12 weekly. Experience unnecessary. Send stamped envelope to **ROYAL CO.**, Desk C. M., 34 Monroe Street, Chicago.

WOMEN Send for our Illustrated Catalog FREE **LADIES' TOILETTE SUPPLY CO.** 316 Garfield Block, CLYDE, ILL.

Pleasing to the sight, to memory dear.

This Family Plate, bearing date of 1856, now in possession of a third generation has, so far as memory serves, always been cleaned and polished with Electro-Silicon (powder). To-day its brilliancy equals that of the silversmith's finish, without scratch or blemish, its original weight being intact.

The cardinal merit, brilliancy without abrasion, has made Electro-Silicon famous around the world. At Grocers & Druggists and postpaid 15 cts. (stamps).
