ONTARIO'S UNEMPLOYMENT COMMISSION'S REPORT

The Ontario commission on unemployment has issued an interim report, in which the following recommendations appear: That a provincial department of labor be created, either as a separate, or in connection with an existing, department of the government; that a provincial system of employment offices be established in Ottawa, Belleville or Kingston, Toronto, Hamilton, London, North Bay, Port Arthur or Fort William, with separate departments under a provincial commission.

That with each local employment bureau shall be associated a small advisory committee; that the employment bureaus, in all cases of strikes or lockouts remain neutral; that, if possible, privileges be secured from the Dominion government to enable workers living at a distance from an employment bureau to mail applications for employment free of charge to the nearest bureau.

The commission recommends that primary schools be requested to provide for domestic, manual or agricultural instruction, and that the age for leaving school be raised to 15 years.

Regarding insurance against unemployment, it is recommended that financial assistance be given by the government of Ontario to those voluntary associations of workingmen which undertake to provide unemployment benefits for their members; and that the assistance to such associations equal 20 per cent. of the sums disbursed by them in unemployment benefits.
