- (b) the Canadian harvesting capacity in respect of such stocks; and
- (c) after appropriate consultations, allotments, as appropriate, for Romanian vessels of parts of surpluses of stocks or complexes of stocks.

3. To fish for allotments pursuant to the provisions of paragraphs 1 and 2, Romanian vessels shall obtain licences from the competent authorities of the Government of Canada. 4. The Government of the Socialist Republic of Romania undertakes to co-operate with the Government of Canada, as appropriate in light of the development of fisheries relations between the two countries pursuant to the provisions of this Article, in scientific research required for purposes of management, conservation and utilization of the living resources of the area described in paragraph 1. For these purposes, scientists of the two countries shall consult regarding the conduct of such research and the analysis and interpretation of the results obtained.
