

ANNEX 2

Capacity Entitlements

For the purposes of Article 10 (Capacity) each Contracting Party shall be entitled to allocate the following capacity among its designated airlines for the operation of own-aircraft and/or code sharing services:

- (a) for own-aircraft all-cargo services, up to a maximum of one (1) flight per week in each direction;
- (b) for own-aircraft passenger-combination services, up to a maximum of two (2) flights per week in each directions; and,
- (c) for code-sharing services on the flights of other airlines, the Contracting Parties, through its aeronautical authorities, shall not unilaterally impose any restrictions with respect to capacity or frequency to be offered by the designated airline(s) of the other Contracting Party.
