Dear Colonel Sney.

During to my being called  
back to Canada to attend to some private  
business I have asked Mr. R. V. Snows,  
a graduate of Toronto University, to substitute  
for me at Wembley for the last  
three days of the Month. Mr. Snows  
spent part of the month of July in charge  
of the Canadian Universities Exhibit. I  
have been able to make a reservation on  
the White Star line Doris as Liverpool  
the 28th inst.

Among the things I have  
been asked to take a small box of flint  
instruments to the Chamber of the Redpath  
Museum by Mr. S. E. Dibley, F.R.S. Director  
and Curator of the Bartzels Horn Museum, Rochester.
