

*Dominion Wireless Telegraph Company,
Limited.*

PRINCIPAL OFFICE; 160 ST. JAMES STREET, MON-
TREAL. CAPITAL STOCK, \$1,200,000. PAR
VALUE, \$5.

This company proposes to build and operate stations at all important points in the Dominion of Canada and do a general telegraphic business between stations in the United States or elsewhere, owned or controlled by the American DeForest Wireless Telegraph Company or any of their subsidiary companies. It will also build and operate stations on both the Atlantic and Pacific Coasts for transmission of messages abroad, and will work in harmony with like stations built by foreign DeForest companies, will erect and operate stations along all of the important rivers, gulfs and lakes, as well as on the sea coast, and will equip vessels with Wireless Telegraph instruments, keeping them in touch with their home office until their destination has been reached.

This company proposes to erect and operate stations as follows :
