SEVEN HUNDRED MEN SECURED IN A WEEK

That Was Net Result of the Recruiting Campaign of Toronto Regiments.

INDIAN VOLUNTEERS

All in Other Units Will Be Transferred to Haldimand County Battalion.

Over 700 volunteers for active service were accepted and passed the medical examinations at the Toronto Armories last week, and were fully attested by the depot staff and added to the rolls. About 400 others offered failed to meet the requirements of the militia department. On Saturday the colistments totaled 62.

Chief Speaker at Recruiting Meeting at Loew's Would Put Them All in Trenches.

Prohibitionists received a scathing arraignment at the hands of Rev. Dr. Nelson of Knox Church, Hamilton, who was the chief speaker at the meeting held in Loew's Theatre last night under the auscoew's Theatre last night under the auspices of the Citizens' Recruiting League. The doctor was speaking of the duty of people in the war, and urging the single men to enlist. "Shouting at saloons and soldiers and talking of prohibition at this time, when the Germans are knocking at the very gates of our country, is not duty," he exclaimed. "These people should get into the trenches up to their hips.

'Ever since I was a small boy." he declared, "they have been battering at the bars, and yet figures show that the con-sumption of alcohol in 1914 was practi-cally the same as it was in 1816." Here cally the same as it was in 1816." Here he compared the anti-temperance advocates to Billy Sunday. "They are Pharisees, just as much as Billy Sunday is a ranter. While soldiers are dying in the trenches for want of food—"

At this point words failed the speaker, and he finally concluded this phase of his address by saying: "It's no time for monkey business, with Billy Sunda."

GIRLS RAISING FUNDS HYDRO RADIAL SCHEME GIVEN NEW IMPETUS

North Toronto Ratepayers Give Successful Bazaar for Purpose Hearty Endorsation to the Proposed Bylaw.

CONDEMN EXECUTIVE

General Meeting of Ratepayers Take Exception to Action of Committee.

Sir Adam Beck's hydro-radial scheme

received a decided impetus at Saturday night's meeding of the North Toronto night's meeting of the North Toronto Ratepayers' Association, due largely to a crear cut presentation of the whole scheme by Ald. Maguire. The meeting was in many respects one of the most important held in years in the Eglinton town hall by reason of the factthat in a resolution adopted by the executive of the second of th half by reason of the factinal in a reso-lution adopted by the executive of the association on Wednesday night the scheme was generally condemned unless provision was made for North Toronto, including the purchase of the Metropol-tan Rallway.

tan Rallway.

The executive meeting, attended by six members, adopted the resolution by 4 to 2, and later it was transmit. of to a member of the city council known to be opposed to Sir Adam's plans.

At Saturday night's meeting of the as-At Saturday night's meeting of the association exception was taken to this action of the executive, and following the reading of the minutes, Frank Howe, G. A. Hodgson, D. D. Reid, and others objected to the action taken, with the result that a motion to support the executive in their resolution was defeated by the general meeting. The executive at Wednesday night's meeting also undertook to censor the press with similar results. The incident caused a lively half-hour, and was hailed with pleasure by the friends of the radial scheme. Controller Spence was the only member of the board of con rol to accept the invitation of the association to air his views on the transportation question, and it was after repeated urgings that the controller tackled the question at all. In the outset he declared that he did not desire to be drawn into a discussion of the radial question, admitting that some of the features commended themselves.

Reason For Objection.

the radial question, admitting that some of the features commended themselves.

Reason For Objection.

One reason for objection to the hydroradial scheme in the mind of Controller Spence was found in the fact that 35 per cent. of the estimated cost was guaranteed by the city, which he regarded as excessive. The control of the radial cars after entering the city under a commission was also depreciated and exception was taken to the fact that the estimates for the eastern entrances, amounting approximately to about \$4,000,000, was not included in the present bylaw. In this way the citizens were led to believe that the costs of the whole enterprise were less. The principle of allowing the radial commission to control their lines on the city streets was regarded as insurmountable, a better scheme in his mind being to let the city construct the railway and allow the radial running rights.

Aid. Maguire Explains.

Dealing with the contention of Controller Spence that the City of Toronto ough, to operate the radial system within the city limits Ald. Maguire

Referring to the Metropolitan Railway he stated that council had empowered the board of control to proceed with ne-gotiations for its purchase. Reports corroborative of Sir Adam Beck's state-

corroborative of Sir Adam Beck's state-ment that negotiations were now under way for the purchase of the eastern and western line had been received from the most reliable authority. The present was the most opportune time for prosecuting the western end of the line, while the eastern section would await developments. "Sir Adam Beck is no strayer to us and weare Beck is no stranger to us and we are only asking you to have confidence in yourselves and your own projects," said

FOR RED CROSS WORK

Held at Aurora on Friday and Saturday.

One of the most successful events ever held in Aurora was the bazaar given under the auspices of the Girls' Red Cross Society in the town hall on Friday and Saturday. The sale of fancy work, aprons, handkerchiefs and home-made cooking realized a satisfactory sum. Tonight there will be a big exodus of the townspeople to Newmarket, where a big recruiting meeting, in charge of the War Auxiliary of North York will be held. TOBACCO NECESSARY FOR MEN IN TRENCHES

R. Jones Says if Conditions Were Known, People Would Not Stop It.

Owing to the large crowds who have ruiting meetings, held under the auspices of the Citizens' Recruiting league, in various theatres, a meeting was held last night in the Star The-atre, Temperance street.
