. When Paul and Kate Schleben leave their home in Berlin and start on their wanderings, they have no idea of how momentous an occasion this will be for them—and another. A devoted couple, there is one thing wanting to complete their happiness, and Kate at least can never forget that they are childless. Afterwards, when they have adopted a son, she learns too late that all the care that has been expended on him is a poor substitute for the ties that bind mother and child, and is forced to acknowledge that the son of her adoption is and always must be the son of his mother.

Times—"There is considerable strength in 'Absolution.' . . . As a realistic study the story has much merit."

Daily Telegraph—"The tale is powerfully told . . . the tale will prove absorbing with its minute characterisation and real passion."

Athenæum—"The story is not only of great human interest, but also extremely valuable as a study of the conditions in which a large section of the poorer classes and small tradespeople of German cities spend their lives. Clara Viebig manipulates her material with extraordinary vigour. . . . Her characters are alive."

. *The New Machiavelli* is the longest, most carefully and elaborately constructed and most ambitious novel that Mr. Wells has yet written. It combines much of the breadth and variety of *Tono-Bungay* with that concentrated unity of effect which makes *Love and Mr. Lewisham*, artistically, his most satisfactory work. It has the autobiographical form which he has already used so effectively in *Tono-Bungay*, but this time the hero who surveys and experiences the vicissitudes of our modern world is not a commercial adventurer but a Trinity man, who directs very great ambitions and abilities to political ends, who is wrecked in mid-career and driven into exile by a passionate love adventure. From his retirement in Italy he reviews and discusses his broken life. The story he tells opens amidst suburban surroundings, and the first book gives a series of vivid impressions and criticisms of English public school and university life. Thence, after an episode in Staffordshire, it passes to the world of Westminster and the country house. The narrator recounts his relations with the varying groups and forces in contemporary parliamentary life and political journalism in London, and the growth and changes in his own opinion until the emotions of his passionate entanglement sweep the story away to its sombre and touching conclusion. In addition to the full-length portraits of Margaret, the neglected wife—perhaps the finest of Mr. Wells's feminine creations—Isabel Rivers, and Remington, there are scores of sharply differentiated characters, sketched and vignettied: Remington the father, Britten, the intriguing Baileys, the members of the Pentagram Circle, Codger the typical don, and Mr. Evesham the Conservative leader. It is a book to read and read again, and an enduring picture of contemporary English conditions.
