OTTAWA SENATORS EASY FOR ARENAS

Local Pros Win, Five Goals to Two—Were Always Best.

It is a good job that Ottawa are not compelled to play all their pre fixtures in the Toronto Arena. The Senators have been trying for many a day to get a win on the local ice and put over a win on the local ice and put over the visitors from Ottawa at all stages, and won in a canter, 5 to 2.

The local club failed to land any men in time for the game, and went thru with eight players. Noble and Cameron were the absentees and the fans missed them, so well did the boys do their allotted tasks. The forwards put up a sterling article and the defence work of Randall and Munnery was all that could be asked for. Both players were exceptionally brilliant with his blocking and rushing, but had the misfortune to be benched from the game in the second period.

It was a hardship on the Toronto players to have to play in the arena, but they were not deterred by the fact that the Ottawa man in the face with his stick, Randall naturally went back at him. Denney then used his fists. Both players were held and Denney kicked at Randall with his skates and it looked like trouble for while. Both players were ordered to the bench and when on the way Denney started at Randall with his fist again. The referee went down a ten dollar fine for assaulting one of the officials. A fifteen dollar fine goes with a match foul. The teams were forced to play with five men each until five minutes had elapsed as a penalty.

Clean Cut Work. The work of the arena was clean cut and effective all thru the game. The forwards checked and the defence stood up. Munnery is still weak from his siege of the flu and pneumonia, and is not at his best as far as rushing goes. He played a grand defensive game and stopped as many shots as the regular goal.

Little Corbett Denney was brilliant. He worked like a beaver and wiggled in past the defence time after time. Rudy Crawford gets the decoration for the night. He was the best man on the ice. He gathered in three of the local goals and checked like a tiger through the whole game. He was a thorn in the side of the Ottawa forwards, and his rushing plainly had the Ottawa defence worried. Skinner went well, and he worked nicely when he was asked to play on the defence. Meeking checked strongly.

Nighbor and Gerard were the best for the visitors. Nighbor attended to his work all night, and he was always dangerous. Gerard was a strong rusher and blocked well. The rest were out of luck and failed to hold the Toronto line.

Ottawa did not get a goal until the final period. The Toronto team scored two goals in the first period and repeated the trick in the second. The minutes of play. The checking was rather strenuous in the first session, and the penalties came quick and fast. The arena set a dizzy pace and showed pretty combination going down the ice. It took them eleven minutes to get the first goal, and Skinner was the man that netted it. He was always dangerous with Meeking and they passed the puck back and forth until they were right thru the defence.

Meeking and Crawford combined for the second goal. It was worked on the same plan as the first. The Ottawa defence stood up, and the puck hit Lindsay's stick and glanced into the net. Crawford scored the arena's only goal by means of a rush that carried him well in at the side to shoot. Nighbor and Gerard combined all the while the defence beaten. No further scoring took place, and it stood 4 to 0 for the Toronto team when they rested for the second time.

Ottawa got their only two goals in the last period. Nighbor shot from the corner, and the puck hit Lindsay's stick and glanced into the net. Crawford scored the arena's only goal by means of a rush that carried him well in at the side to shoot. Nighbor and Gerard combined all the while the defence beaten. No further scoring took place, and it stood 4 to 0 for the Toronto team when they rested for the second time.

The Teams. Arenas (3): Bennett, Goal; Lindsay, Lindsey, Chisholm, Defence; Munnery, Nighbor, Centre; Cor, Denney, Left; Levey, Right; Crawford, Right. Officials: Lou Marsh and Steve Vair.

Summary. First Period—Arenas, 1; Ottawa, 0. Second Period—Arenas, 2; Ottawa, 0. Third Period—Arenas, 1; Ottawa, 0. Total—Arenas, 4; Ottawa, 0.

What Has the O.H.A. To Say About This?
The insurance business must be real good in Hamilton. Roach and McCarthy rattle up the business all day, practice with the Hamilton team and play a couple of games a week and like it. The former Gotham star admit that the insurance game is one grand little business. They would not leave it for anything. The arena pros, dangled tempting contracts in front of him, but he waved them away. He said he was a hockey player, not an insurance salesman. He said he was a hockey player, not an insurance salesman.

HOCKEY TOURISTS

Sporting Editor World: In your article yesterday, it is supposed no money on an outside team you might as well say it is Matter of Hamilton and be done with it. Now please do not make a joke of Toronto any longer as to its reputation of being a "hot" team. We old time sports well know that the O.H.A. borders on professionalism, and it is plain that the players were divided up to the way the players were divided up in the cases of Laframme, Dopp, Dye, Roach, Wood, and the others. The players are also a great tourist, as well as he does not come from Sarnia at all, but Ottawa. Then to look for the pro prices for supposed amateur hockey. Kindly publish this short letter and I will follow it up with another and give some more hockey news.
