HEART TROUBLE **CURED**

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the ner-

The proposed scheme for the altera-tion of Avenue and Oriole-roads to run them parallel to Yonge-street received setback last night, when the commit tee appointed to handle the matter held a conference with Lawrence Baldwin of the Baldwin estate. Mr. Baldwin declined to concede the land required for the alterations, but made an offer to the committee to sell for \$7500. The committee will suggest that the cost of acquiring the portion of the Baldwin estate should be borne by the property owners who will immediately benefit by the scheme.
