Gifts in Furniture.

Had we devoted all our energies on the task of collecting Furniture for the holiday trade we could hardly have been more successful nor selected a more superb stock. A grander display than ours, or for that matter an equal one, has never been seen in this city. Aisle upon aisle, extending from Queen-street back to Albert-street on the second floor—in all nearly two acres of Furniture. Of course you are interested. If not these prices will interest you if anything will:

On Sale Wednesday Morning:

It is really worth coming miles to see this fine collection. Then think of the money saved in buying at our prices.

Musical Clocks.

That's right—a clock that plays a tune, in perfect harmony, too, instead of striking the hour. You'll favor the idea. These Musical Alarm Clocks are of a nickel frame, 6 inches high by 5 1/4 inch base, with decorated brass front. Certainly they are reliable time-keepers. The prices are only \$2.75 and \$3.00.

Another accurate timepiece is the China Clock, 5 to 7 in. high, with gold lines and floral decorations, fitted with American movements, guaranteed for one year. Usually sold for \$1.75 to \$3.00 each. Our prices \$1.25 to \$1.75.

Speaking of Clocks, our entire stock represents over seventy-five different styles, ranging from \$1.00 as high as \$65.00. You'll find it very interesting looking through this stock the next time you visit the store.

Christmas Gloves.

Hardly a man or woman who isn't interested in one or more glove purchases for the holiday. Just as sure as you think of gloves you'll think of this store as the place to buy. Glance over this list for our prices:

- Ladies' Real French Kid Gloves, 4-button, colors tan, fawn, mode, brown and black, every pair guaranteed, special......75
- Ladies' 2-clasp Kid Gloves, with heavy silk-stitched backs, colors tan, ox-blood, fawn and black, special.....1.00
- Ladies' 4 Large Button Derby Kid Gloves, plique sewn, gusset fingers, guaranteed.....1.15
- Ladies' 2-clasp Monarch Kid Gloves, plique sewn, gusset fingers, all colors and sizes.....1.49
- Men's 2-clasp Derby Kid Gloves, plique sewn, gusset fingers, every pair guaranteed.....1.25
- Men's 2-clasp Mocha Kid Gloves, with wool lining, all sizes, special at.....1.60

Curtain Specials.

Don't think for a moment that the Furniture Department has all the Xmas Gifts on the second floor. You'll find some very acceptable gifts in the Curtain Section and at very modest prices. For instance, these four items:

- Swiss Lace Curtains, Irish Flat or Renaissance, 50 inches wide, 3 1/2 yards long, assorted patterns, fine rich effects, white, ivory or ecru, regular price \$7.50 a pair, on sale Wednesday.....5.00
- Heavy Chenille Portieres, 48 inches wide, 3 yards long, in crimson, olive, fawn, bronze, Nile, peacock and brown, deep fancy brocade drap and knotted fringe, both ends, regular price \$5 a pair, on sale Wednesday.....3.75
- Sofa Cushions, 18 x 18 inches, covered in heavy figured twill muslin, assorted patterns and colors, with 4 1/2 inch double frill, regular price 60c each, on sale Wednesday.....35
- Window Shades, 37x70 inches, trimmed with fancy lace, mounted on national spring rollers, complete with tassels, regular price 80c each, on sale Wednesday.....55

Near by will be found the Carpet Sweepers we told you about the other day. And across the way is the Picture Department, where you'll see very tasty gifts. And what expresses more than a picture?

Candies.

With so much "cheap trash" on the market to-day, you can't be too careful in buying Candy. At this store you can depend on getting perfectly pure qualities for about the same money you generally pay for the inferior kinds:

- Assorted Chocolates, 25c per pound box.....
- Bon Bons and Chocolates, assorted, 25c per pound box.....
- Finest Chocolates, 50c a pound box.....
- Assorted Chocolates or Bon Bons, 20c per pound box.....
- Finest quality Chocolates and Bon Bons at 35c a pound.....
- Xmas Candy Mixture, 10c a pound.....
- French Fruit, extra quality, 60c a pound.....
- Fruit and Fig Candies at 20c a pound.....
- Chocolates and Bon Bons, 15c a pound.....

THE JAMES' BAY COUNTRY.

The more the country between here and Hudson Bay is explored the more evident does it become that we are making a great mistake in delaying the building of a railway to this great inland sea. Dr. Robert Bell last year explored the basin of the Nodadaw River, which empties into Rupert Bay, an inlet of James' Bay. An account of the Doctor's survey appeared in the Geographical Journal of July last, and has been published in a separate pamphlet, which has just been received at this office. No one can read the details of Dr. Bell's trip without being convinced that a railway to James' Bay would prove a good financial investment. When railway building to Hudson Bay really sets in we shall probably have three lines: one from Manitoba, one from Ontario and one from Manitoba. There will be good paying business for them all, and as far as Ontario is concerned we cannot begin the work too soon. The soil of the greater part of the Nodadaw district appears to be suitable for agriculture, says Dr. Bell. The whole region is well wooded with a variety of our northern species of trees. White and red pines extend to Onkwa Lake, black ash to Gull Lake and white cedar to the outlet of Lake Evans. Near the streams and lakes many of the white spruce trees attain a diameter of two to two and a half feet, and these like the pines are suitable for lumber, while the smaller species are valuable for paper pulp. Summing up the characteristics of the district Dr. Bell says: "There appears to be little doubt, therefore, that wheat and the coarser grains will ripen over a large portion of this region, and it may be assumed that hay, potatoes and all the ordinary root crops will grow throughout the whole area. Independently of grain-growing we have, therefore, in this new region a very large amount of good land that will some day prove valuable for stock and dairy farming, which are now the most profitable branches of agriculture in Canada. At the present time the Hudson Bay Company on James' Bay splendid cattle have been raised for more than a hundred years from improved stock imported from England and Scotland. "If two-thirds of the land in the district above described should prove to be good it would amount to 25,000,000 acres."

TORONTO AND NIAGARA FALLS POWER.

According to The Globe Toronto's two big problems are the opening up of Northern Ontario and the supply of cheap power from Niagara Falls. The Globe takes the same view as we do in regard to Niagara Falls power. Toronto must have it. It is the all-important question. Six years ago the Ontario Government entered into an agreement with the Canadian Niagara Power Company, whereby the latter acquired a monopoly of the power which Toronto is now anxious to secure. This company is composed of Americans, it is the same company that is operating so extensively on the United States side of the river. Last week the City Engineer was commissioned to make enquiries as to the cost and prospects of having Niagara power wired to Toronto. Where did the city's representative go to make his enquiries? He went to the United States, to Niagara Falls (New York), and to Buffalo. The control of the Canadian Niagara Falls has been transferred from Canada to the United States. Instead of going to the Ontario Legislative buildings to make arrangements with the Ontario Government for the supply of power, our representative is obliged to visit a foreign country, a hostile country, and to treat with a foreign corporation. And with what result? We are told that this corporation was studiously reticent, that its officers would not impart the information asked by the city. The City of Toronto is now prepared to buy the best side operating the Niagara Falls power. But it is impossible to negotiate with anyone to furnish the supply. The American company does not intend to develop power in Canada until after the wants of its big customers in the United States are supplied. The Ontario Government has parted with its proprietary rights in Niagara Falls power, and there is no use applying to them.

What, then, is Toronto to do? There is only one plan open for us, and that plan should be adopted and put into execution at once. Toronto must agitate for the cancellation of the agreement with the American company. A league was recently organized at Niagara Falls and adjoining localities to effect this very same purpose. The development of Niagara Falls power is not a local question. It affects the whole of Ontario from Toronto to Detroit. Hamilton, London, Brantford, St. Catharines, Guelph and a score of other centres are as much interested as Niagara Falls itself in the development of this power. All Western Ontario should join the League and insist on the cancellation of the franchise held by the Canadian Niagara Power Company. The company has violated its agreement, and the Government can cancel it if it desires to do so. The feeling throughout Ontario in favor of cancellation is becoming stronger every day, and it looks as if the Government will be forced to comply with the demands of the people. Under the agreement the company undertook to begin the work of construction before May 1, 1897, and by Nov. 1, 1898, it was to have completed water connections for the development of 25,000 horse power and to have actually ready for use and transmission 10,000 developed horse power. The company has not begun the work of construction, and there is no possibility of its having ten thousand horse power for delivery by Nov. 1 next. Under the circumstances the Government would be fully justified in cancelling the agreement.

Experts who ought to know say that it will cost no more to deliver power to Toronto than it does to Buffalo. The cost of the transmission line will of course be considerably greater, but this is more than offset by the great economy of installing the plant on the Canadian side of the river as compared with the plant by which Buffalo is supplied.

Let the Government cancel its agreement with the American company, and it will not be very long before Toronto and all Western Ontario will be in possession of an agency that will effect an industrial revolution.

HAPPENINGS OF A DAY.

Items of Passing Interest Gathered in and Around this Busy City.

The sketch exhibition of the Woman's Art Association will remain open at 59 Dundas-st. until Dec. 15.

The Ladies' Aid Society of East Presbyterian Church gave a popular concert last night. The program was a good one, excellently rendered by Misses Sutherland, Ferguson, Richardson, Sibbald, Mr. Martin, Brimston, and Messrs. E. T. Heburn, A. McIntosh, O. Taylor, Pastor J. A. Morrison presided.

The annual sale of work in aid of St. Anne's Church, Dufferin-street, will be held in the St. Anne's Association Hall, Queen and Dufferin-street, this afternoon, from 3 to 5, and in the evening from 7 to 10. Refreshments and candy tables, fish ponds and music will help visitors and purchasers pass a pleasant time.

Mr. Stewart Lyon will give an address on "The Municipalization of Power," before the Municipal Club this evening, at the club rooms, College-street and Brunswick-street. The subject is one of practical interest to students of municipal government and to all who are interested in the number of aldermanic candidates are expected to be present.

The well known poem, "Curfew Shall Not Ring Tonight," is a young woman's life of her lover condemned to the gallows. The poem is a ringing of the curfew, is only one of a number of striking instances of how a woman will give everything for love.

Women are ready to make heroic sacrifices than they are to take the common place, everyday precautions which insure their greatest happiness. Most women are careless about their health. They forget that physical weakness and disease will wreck the fairest chance in life and shut them out completely from happy womanhood and wifehood.

Weak, bilious, dyspeptic women are robbed of their natural attractiveness and capacity. They lose healthy color and bloom, and their blood becomes poor and thin and laden with disease germs. The true antidote for this condition is Dr. Pierce's Golden Medical Discovery. It acts directly upon the digestive powers and the liver, creating pure, red, healthy blood free from bilious impurities; it renovates every organ and tissue of the body, building up hard, elastic flesh and muscular strength and imparting nerve power and permanent vitality, which malt extracts do not give.

Mrs. Ella Howell, of Derby, Perry Co., Ind., writes: "I had a bearing down sensation; was sweated across my stomach; had a ridge around my right side, and in a short time I was bed-ridden. I was treated by three of our best physicians but got no relief. I was so weak I could not walk without assistance. Then Dr. Pierce's Golden Medical Discovery was recommended to me and I got it and commenced the use of it. I began to improve very fast after the use of a few bottles. The physicians said my disease was leucemia, a consumptive consumption, and gave me up to die. I thank God that my cure is permanent."

LUDELLA

CEYLON TEA

Invariably continue to use it. QUALITY WILL TELL.

From First-Rate Grocers. 25, 40, 50, 60c. Lead Packages.

Old Collars and Cuffs.

We laundry old collars and cuffs so well that they look like new goods, and we do not break the collars. We are manufacturers on a large scale of linen collars and cuffs and we now use the same system of laundering for both old and new goods, so that we really make old collars look as well as when first made. Try our laundry work for a time.
