

Consider the Extra Dollar

PAIR of shoes at a dollar more may easily wear twice as long, as a similar-looking pair at a dollar less. That dollar of difference buys as much as all the rest of your investment.

Watch these extra dollars carefully. Consider what they will buy before you spend or save them. Spend them wisely, for real service rather than for mere appearance, and they will buy many times their own value.

You can buy quality shoes at fair prices if you will do this. But don't spend too much. Watch the extra dollars at the other end of the scale. An extra dollar spent for "frills" is a dollar wasted.

To buy wisely in these days of high prices, do this:

Put Service First. Ask your dealer's candid opinion as to wearing value. Look for the manufacturer's trade-mark on the shoes you buy. This will give you a double guar-

SPOTTON ECLIPSES CASE

Merry War Between Conservatives Bears Out Lucas' Prophecy.

[Special to The Advertiser.]
WINGHAM, Nov. 28.—Geo. Spotton, the Independent Conservative candidate, North Huron, must have suffered burning ears at Gorrie tonight. Certainly he was the subject of enough questionable compliments at the Case-Ferguson Conservative meeting at Wingham to consume his whole carcass.

Wingham to consume his whole carcass.

The henchmen of the Government had not a word to say against the Farmer-Liberal candidate, William Frasser. Many referred to him, but that was all. However, Spotton is the man that caused the election, according to hot shots from the platform of the Wingham town hall, though the majority of the constituents believe that it was the Hearst Government's desire to reward A. H. Musgrove for his staunch political support that brought on the election.

Saw the "Handwriting."

The Hearst-Proudfoot political truce was on yet, Mr. Musgrove resigned his seat for a more solid one as postmaster of Wingham. It is just possible that he, like Hon. Isaac Lucas, saw the handwriting on the wall and wanted to play safe. The Wingham meeting brought out a goodly number of the natives, but they left 99 per cent of their enthusiasm at home.

home.

Hon. G. Howard Ferguson was the big speaker. He took up the task which Mr. Lucas entered the riding about a week ago to pull out Spotton and win the seat with Dr. Case for the Government. He held two meetings. He gave it up as hopeless. He reported when he got to Toronto that the seat was lost, and that Mr. Fraser would win the seat easily. His opinion is shared by a great portion of the riding. he riding. Dr. R. C. Redmond, who presided

Dr. R. C. Redmond, who presided at the now famous convention which Mr. Spotton says was stolen from him, presided tonight. John Joynt, Pte. H. Bellamy, a returned soldier, Mrs. Allison, and the candidate, Dr. Case, spoke. Perhaps it is an exaggeration to say that Dr. Case made a speech. He attempted to. He proved unequal to the occasion. He just said that he did not think that conscription was necessary to get candidates for the riding and quit cold.

Chairman Redmond introducing the next speaker, saw fit and considered it necessary to apologize for Dr. Case's speechless speech to the electors. Some local humorist has said that if elected the doctor would use a gramaphone to place the needs of his riding before the House.

It was a dead meeting. Dr. Case was

"This is My Favorite Invention"

Above the marvel of modern electric light; above the wonder of modern telegraphy and the telephone, or the miracle of the "movies" or other of his profound gifts to mankind, Thos. A. Edison considers the New Edison Phonograph his favorite invention. Through it the world's greatest inventor has "Recreated" Music.

The achievement is worthy of his preference. It means that Marie Rappold, or Anna Case, or Thomas Chalmers, or other of the great musical artists of to-day, may be miles and miles from this locality, but you, in the privacy and comfort of your own home, may have with you their actual voices or playing just as truthfully as though they were standing before you in the flesh. In fact, even in direct comparison, no human ear can detect the slightest difference between the living artists' voice and the New Edison's Re-creation of it. Only this is Music.

Come and hear this really marvellous invention for yourself. No needles to change. Can play all makes of records. Easy terms if you wish.

Full-Page Colored Map in The Digest This Week.

This instructive map will be eagerly welcomed by the readers of The Digest, for on it they can easily trace the progress of the great Allied army of occupation in its triumphal march toward the Rhine. The map also shows the German territory to be occupied by the American and Allied armies under the terms of the armistice. The "bridge-heads" along the line are clearly indicated, with the neutral zone

shown in color; also the battle line as it stood when hostilities deased at the eleventh hour on the eleventh day of the eleventh month of the year. Briefly, the entire region that will be most prominent in the news for a long time to come will be available for ready reference through this map. It is worthy of V permanent preservation.

scheduled to have a second try. He did not get a chance. Mr. Ferguson talked 45 minutes and took 45 more to conclude. The people seemed tired before he started. He failed to arouse a mite of enthusiasm and before he was finished the meeting fell flat. Cheers for Spotton at the close proved the noisemaker of the whole night. With generosity Mr. Joynt made up in speaking for what might be termed Dr. Case's quietness.
