PARKS DEPUTATION TO WAIT ON GOVERNMENT

General Meeting of Conservative Club to Be Held Saturday Night—General Items.

HAMILTON, March 11.—(Special.)—A deputation representing the parks board will wait upon the provincial secretary Thursday morning to ask that the mountain face in front of the asylum property be turned over to the city for park purposes.

The city solicitor was instructed to complete the deal by which the city will come into possession of the park property given by W. D. Hill.

One of Mr. Platt's stipulations was that the city must macadamize Garth-street and build a cement walk, and he refused to hand over the deed of the property until the city does the work.

There is a proposal on foot to make John Theaker business agent of the Street Railwaymen's Union.

The Conservatives of Wentworth have called conventions for the nomination of candidates for the legislature.

The Conservatives of North Wentworth will meet in Dundas on March 21 and will likely nominate Gordon C. Wilson.

A week later the meeting for South Wentworth will be held in the Sun Life Building.

At the meeting of the committee yesterday evening the Conservative Club met this evening and agreed to call a general meeting of the members for Saturday night.

The retail grocers held their annual at home in the board of trade this evening.

The committee in charge were John Fort, president, Mr. Hill, secretary, and A. G. Bain.

Says School is Firetrap.

At the meeting of the board of education Thursday evening Trustee C. G. Booker says he will be prepared to substantiate his assertion that the school is a firetrap.

It is said that the beams of the furnace have been scorched from the heat.

The late John Gamp left \$52,538, divided equally amongst his widow and two daughters.

The Liberal executive would like to see Hamilton represented on the Dominion Railway Commission, and the name of J. H. Wardrop, K.C., is mentioned.

The committee saw to ask the legislature to give the city power to expend one million on the dollar yearly in this way.

WILL ASK MR. McNAUGHT TO AMEND BREAD BILL

Aldermen Are Afraid That Bakers May Evade Regulation as to Weight

The bill respecting a standard weight of bread, introduced into the legislature by W. K. McNaught, M.L.A., is not altogether as sound and watertight as it should be.

At the meeting of the committee yesterday evening, Mr. McNaught appeared in the light of the watchman on the tower.

He pointed out that the bill, in establishing 4 ounces as a standard weight, allowed "fancy" bread to escape such restriction.

He feared this concession would prove a loop-hole for the bakers, and that the grievance of the short-weight loaf would still continue.

The committee agreed, and Mr. McNaught's attention will be drawn to the defect.

Aid. Whytock's scheme of setting aside a fund yearly to be applied upon for the cost of making necessary street openings was deemed impracticable.

The idea of the alderman was to ask the legislature to give the city power to expend one million on the dollar yearly in this way.

IMMIGRATION DOCTOR DISMISSED AT HALIFAX. Trial of Men at Liverpool Charged With Conspiracy to Defraud Emigrants to Canada.

LONDON, March 11.—The trial of Michael Sarkis, Charles Harrison and Arshag Atamian, charged with conspiring to defraud emigrants, began yesterday at Liverpool.

When Atamian was arrested a large number of letters were found in his possession. Counsel said the letters showed Atamian was on terms of very intimate relationship with the authorities, who had to pass the emigrants on the other side.

One letter, purporting to be from a Halifax doctor, said: "Your eleven people all passed. Be a little more particular next time with Montreal cases. Do not let them make any signs whatsoever. Describe something that they will wear. That will be enough. I felt nervous when they all made signs with hands on the wall."

In another letter the alleged doctor asked Atamian: "Please be careful, as other doctors are often with me." Another doctor also corresponded with Atamian.

Dismissed Dr. Dickey. OTTAWA, March 11.—Dr. Dickey of Halifax has been dismissed from the position he has held in the immigration service of the Dominion, and Dr. Murdoch Chisholm appointed in his place.

ORCHARD PLEADS GUILTY. Acts Against the Advice of His Friends.

CALDWELL, Idaho, March 11.—Harry Orchard, before Judge Fremont Wood, in the district court, was allowed to withdraw his former plea of not guilty to slaying former Governor Steuneger, entered at his first arraignment by order of the court, when he stood mute, and entered another plea, guilty to the charge of murdering in the first degree, as charged in the indictment.

The stand he took was a surprise to most persons, and his attorney said it was entirely voluntary on his part and against the advice of many who had seen and talked with him.

British Fleet to Pacific. VICTORIA, March 11.—A despatch from London says that the armored cruisers Buryauls, Hogue and Cressy of the Fourth Cruiser Squadron now at Bermuda will proceed at the end of the month to the Pacific coast.

The despatch states further that the British Government has agreed to have consented with the admiralty to the purchase of the first estimate of the cost of these 250 miles was \$13,000,000, the probable outlay will be well on to sixteen millions, so many changes have been made.

All these, he says, were for the benefit and if it cost over six thousand dollars per mile, the road will be a monument to engineering skill and to Canadian enterprise.

He says the grading will all be done by the end of the year, and Mr. McArthur is also tending for one of the Ontario sections of the transcontinental, the tenders being now in at the capital.

WARNOCK NOT POISONED. Died Natural Death Verdict of Coroner's Jury.

BROCKVILLE, March 11.—(Special.)—An hour's sitting to-night the Warnock inquest wound up its investigation, which fell short of expectations in some quarters in so far as foul play was concerned.

The first wife of the former Ottawa horseman is contesting the will which left everything to the second Mrs. Warnock, with the exception of \$20,000 bequeathed to the four daughters.

His wife No. 1 applied to special attorney-general's department for an inquest some weeks following his death, on the ground of alleged foul play.

A post mortem was ordered and the contents of the stomach sent to Prof. Ellis, the provincial analyst.

Prof. Ellis telegraphed that his analysis showed no trace of poison, and Dr. Horton, one of the doctors who performed the autopsy, on being recalled to-night, testified the cause of death was heart disease.

The jury promptly returned a verdict accordingly, and this concluded the investigation, as the attorney-general had distinctly barred the hearing of further evidence, unless there was ground for suspicion of foul play.

Two-Cent Rate Discussed. WASHINGTON, March 11.—The subject of a two-cent-a-mile maximum passenger fare in the United States was up for hearing before the house committee on interstate and foreign commerce.

Representatives of the Traveling Men's League of the United States addressed the committee in support of the Sulzer Bill making compulsory the sale by railroad companies of interchangeable mileage books.

Things look very favorable for the Canadian policyholders in the Mutual Reserve Life Insurance Company, according to the liquidator, Reinsurance Co., who is said to be very positive.
