MUCH DISORDER IN RUSSIA YET

Social Revolutionists Still Making Much Trouble IN THE CAUCASUS

Trans-Caucasian Railroad Now in Operation for First Time in Months—Fears of Renewal of Armenian-Tartar Butchery Did Not Materialize.

TIFLIS, Caucasus, Jan. 31.—The assassination of General Griaznov on Monday last has brought to a head the discontent among the factions of the military which regards with disfavor the policy of the victory of the Caucasus, Count Von Vrontschakoff, in the war between the Tartars and the Armenians.

It is established that the murder of General Griaznov, a member of the fighting organization of the social revolutionists, is a member of the fighting organization of the social revolutionists.

The whole revolutionary movement in the Caucasus was an echo of the movement in Russia proper. It was conducted by workmen of various nationalities under the leadership of Russian social democratic agitators, and is being gradually stamped out in Kutais, Mingrelia and the Black Sea littoral.

The forces of the renewal of the Armenian-Tartar butchery following the assassination of General Griaznov happily did not materialize. Both sides were ready, but the troops were everywhere in force and no collisions occurred.

FREderICTON LUMBER FIRM IS IN LITIGATION OVER IRISH SHIPMENTS

(London Timber, Jan. 29th). In the king's bench division, Dublin, on Monday last, before the lord chief justice and Justice Madden and Wright, the now world-famous case of Gregg & Co., lumber merchants, Belfast, versus Donald Fraser & Sons, timber exporters of Canada, came before the court on a motion for a new trial.

The case, which was mentioned in a previous issue of the Times, was first tried at Belfast, when a verdict for the defendants was directed by the chief baron. The action, it will be remembered, was brought by the plaintiffs on foot of a contract for the supply of a large quantity of timber which was to be delivered at Belfast in three shipments in the months of July, September, and October, 1904.

WATER FOR THE ISLAND

Partridge Island will Now Get Its Supply from Spruce Lake.

The residents of Partridge Island will in a few days be supplied with water from Spruce Lake.

Last Friday the work of laying the pipe (a six inch one) across the west channel from Negro Point to Partridge Island was successfully completed.

The weather has been perfect for this work. Resident Engineer Shewen was in charge, with John Kain as foreman for the dominion government. With them was Edward Lacey with his diving apparatus.

The work started from a point at Negro Point, going 46 feet through the breakwater, thence out to low water mark 100 feet, and then under water 6,300 feet across the channel to Partridge Island. Large drags were used in putting down the pipe in connection with the dredge New Dominion.

At times it was difficult work but Diver Lacey was equal to the emergency and did his work well. In one day 305 feet of the flexible pipe was laid. In connection with the work the tug Leed Roberts and her crew rendered valuable assistance.

The annual work was faithfully carried out and will no doubt be a great benefit to the people on the island.

The water is now being pumped into the quarantine station and from thence to the fog alarm. In a few weeks the whole system will be in operation.

Diver Lacey stated that between thirty and forty large boulders had to be removed, some of them of many tons weight.

The council has also endeavored to have the by-law forbidding expectations on the sidewalk and in public buildings, such as the market, post office, city building, station, etc., more strictly enforced.

THEY ASK FOR ARBITRATION

New York Building Trades Unions would take this way to End Strife.

NEW YORK, Jan. 31.—Eight of the largest unions in the building trades, headed by the bricklayers, have made an appeal to the general arbitration board of the employees and the unions to call a special meeting to end the present building trade trouble.

WON'T TAKE FINE WITHOUT COSTS

Police Magistrate Refused \$40.00 In Blaine Case.

HE WILL TAKE RISK. Col. Blaine's Counsel Proffered Fine This Morning with Announcement that if Warrant Issued Magistrate would be Responsible—The Tender Was Not Accepted.

W. H. Trueman, counsel for Col. Blaine, appeared at the police court this morning and informed Judge Ritchie, that setting under instructions received from Attorney General Pugsley, he would offer the court \$40 for the fine imposed on Col. Blaine, but would not pay the counsel fees of H. W. Robertson, which amount to \$20.

Judge Ritchie informed Mr. Trueman that \$40 would not be accepted by the court.

Mr. Trueman then stated that if the warrant against Col. Blaine was sent out he would hold Judge Ritchie personally liable in civil damages.

"Did the attorney-general say that?" queried the magistrate.

"No," said Mr. Trueman, "I say that myself."

"All right," answered the judge.

As stated in yesterday's issue of this paper Eben Perkins, through his counsel, H. W. Robertson, charged Col. Blaine with unlawfully issuing a liquor license to W. J. Savage, and the prosecution was successful in the case.

Referring to the matter in question this morning Sub. Section 2 of Section 81 of the Liquor License Act says on questions of this nature:

"In all prosecutions for the punishment of any offence against any of the provisions of this chapter, the magistrate or justice, or justices, in addition to any other costs authorized and provided by law, may tax, award, and allow as part of the punishment a cost of counsel fee not exceeding ten dollars for the first day, and an additional counsel fee not exceeding five dollars for any subsequent day during which the hearing may last, such fee shall not be taxed and allowed in any case except where an attorney of the supreme court is employed by the accused at the hearing, or where the magistrate shall himself prosecute and is an attorney of the supreme court."

The magistrate allowed H. W. Robertson \$10 for the first day and \$5 for each of the four subsequent days.

ALBANY, N. Y., Jan. 31.—Every one of the eight clubs comprising the New York state baseball league was represented at the annual meeting which met here yesterday and closed at a late hour last night.

It was decided to open the season on May 10 or five days later than last year, and close on September 22 which is about two weeks later than usual. About 120 games will be played.

FATAL SMASH; ONE MAN DEAD

Schenectady, N. Y., Jan. 31.—The Delaware and Hudson passenger train from Delanson, bound for Mechanicville, collided here with a work train about four miles west of this city this morning.

One Italian laborer was killed, and a number of persons injured, two probably fatally. The injured were brought to the hospital here. None of the passengers or engine crew were killed.

PEKIN, Jan. 31.—The Mongolian Prince Tashi Lao, of Ili, in Turkestan, who purposed to go to America to travel and study for three years, was received in audience yesterday by the Empress Dowager, who approved his plan and presented him with money for his expenses.

THE LUMBER SITUATION Senator G. G. King of Chipman is in the city, a guest at the Royal. Speaking of the lumber situation he said it looked rather serious now for those sections of the province that are without snow.

At Chipman and vicinity they have snow and are doing fairly well. Wherever there are green woods the snow has remained, but in the forest districts it is almost all gone.

The senator could not speak definitely regarding the probable in his section, but thought it would be about the same as last year and possibly a little less. About 40,000 feet were hung up last year and it is expected they will be brought out without trouble this year.

Senator King will leave for home tomorrow.

DAN GALLERY HAS APPEALED OTTAWA, Ont., Jan. 31.—(Special).—An appeal has been entered in the supreme court in the case of Dan Gallery, M. P., who has been unseated and disqualified for St. Anne's division, Montreal. Mr. Gallery appeals against disqualification.

RUSH OF AMERICAN GOODS TO GERMANY AFFECTS THIS PORT As was predicted in the Times on Monday, the rush of meats going forward to Germany from Chicago has commenced in earnest.

Yesterday manifests were received at the customs house for 208 cars of American goods for shipment on the steamers from this port, a large proportion consisting of meats consigned by the Chicago packers to Germany. Today manifests were received for 12 cars more of meats and provisions.

As all goods must be shipped from Chicago before February 1st in order to get into Germany before the increase in the tariff, it is probable that during the next few days there will be big shipments arriving here.

The large quantities of American meats being sent to Germany has had the effect of making a considerable shortage in the supply for home consumption in the United States, and it is probable that better prices will be realized on this account.

THE TIMES NEW REPORTER

JOYS OF SUMMER Mr. Peter Binks is looking for a suburban cottage for the summer. Now that summer has come he wants to arrange matters so that he can hit a bicycle and race for the train every morning, and race for the train and a bicycle every evening.

Mr. Binks was out in the suburbs yesterday, and says it is surprising to note how different the aspect of the country is from that of a year ago. He is today purchasing musquito netting and other items of suburban life. He hopes to see the suburban trains on the route next week.

It is understood that the next cycling match between the Thistle and St. Andrew's clubs will be played on Lily Lake. It is felt that neither of the clubs would give the rival members sufficient space in which to express their feelings. They want room to yell.

Mr. Jamez Jones has been asked by the Hen Club to enter the mayoralty contest, or at least to become an aldermanic candidate. The club wants a representative in the council.

It is not yet known how many ailments will be "let large" after the civic elections. A run would no doubt do some of them good.

In the country market this morning Mr. Hiram Hornsbee brought out his lettuce.

House rents are said to be listed with a balloon attachment this year.

The Times new reporter says it is very hard for him to dig up news today, but he hopes the editor will come to the rescue soon.
