Orders must be sent in advance of the time Nets are wanted, and the length, depth, size twine, and size mesh given—length and depth to be—what it is to be when roped.

Nets tanned or steam tarred, but no responsibility after these Nets leave the premises.

ALWAYS ORDER HOW GOODS MUST BE SENT.

FISHERIES.

In the United States Cotton is universally used for its Fishing Gear, solely on account of its superiority of wear over Flax or Hemp. *Its strength is ample for any Service.*

We prepare for the Colonial Fisheries the same grade of goods we do for Home trade, from all pure New Orleans long staple Cotton.

With our New Machinery, that knits at low cost and well every size mesh from Lance to Salmon, we feel warranted in assuring the Outfitter with goods, LINES, NETS and SEINES, suited to profitable use. We shall pay especial attention to Coplin, Herring, Cod and Mackerel Seines and Lance Bunts.
